GOVERNMENT OF MADRAS.

MARINE DEPARTMENT.

READ—the following paper :—

From Commander H. A. STREET, R.I.M., Presidency Port Officer, Madras, to the Secretary to Government, Marine Department, dated 30th April 1897, No. 949/159 G.

It has been brought to my notice that at the port of Cochin, boats containing cargo and coolies for working the cargo not only proceed alongside of an in-coming vessel, but that the coolies go on board without waiting until the Health officer has boarded the vessel and granted pratique. As this occurs principally in the case of coasting vessels which only remain at the port a few hours, it has been found impracticable to prosecute the Commander for a breach of quarantine rule No. II (G.O., No. 116, Marine, dated 12th February 1897) without delaying the vessel, and as it is practically impossible for the master of a trading vessel to prevent boats coming alongside or to keep coolies from scrambling on board, the Port officer suggests that a rule should be added to the quarantine rules (published in the order of Government above quoted) prohibiting tindals of registered boats from taking those boats alongside of an in-coming vessel until such vessel has been granted pratique. In this view I concur and submit, for approval, the accompanying draft rule, which I think will meet the case and may be issued as rule VIII (a).

ENCLOSURE.

VIII (a) No tindal or other person in charge of, or navigating, any registered boat shall attempt to make such boat fast to, or shall take it alongside of, a vessel in quarantine or coming from an infected port, until such vessel has been granted pratique by the Health officer of the port.

ORDER—No. 435, Marine, dated 10th May 1897.

His Excellency the Governor in Council approves of the proposed rule, which will be published as rule 1 (c) of the Regulations sanctioned in G.O., No. 363, Marine, dated 22nd April 1897.

2. The following notification will be published accordingly in the Fort St. George and all Maritime District Gazettes :—

NOTIFICATION.

In exercise of the powers delegated to him by the Governor-General in Council under section 2, sub-section (3) of the Epidemic Diseases Act, 1897, His Excellency the Governor in Council is pleased to prescribe, under the said Epidemic Diseases Act, the following temporary regulation as an addition to those published in the *Fort St. George Gazette* of the (11th May 1897).

1 (c) No tindal or other person in charge of, or navigating, any registered boat shall attempt to make such boat fast to, or shall take it alongside of, a vessel in quarantine or coming from an infected port, until such vessel has been granted pratique by the Health officer of the port.

3. This regulation will have effect from date of publication thereof.

Revised quarantine rules

Marine Department.

Note for the Honourable Mr. Bliss, C.I.E.

In his note dated 5th instant on a paper in circulation the Honourable Member inquired as to what had become of the revised quarantine rules drafted by the Sanitary Commissioner. These rules were under consideration for some time in the Local and Municipal Department, and were subsequently revised in the Marine Department. They went to Press finally approved on the 22nd April. It was thought advisable to call for a "proof". This was sent up on the 3rd Instant (Monday) and passed on the same day, when the papers went back to Madras to be struck off. They would have been too late for Tuesday's Gazette and will thus not appear till next week.

From the Presidency Port Officer, Madras, No. 949/159 G., dated 30th April 1897.

The Hon Mr Bliss C. J. E.

FOR ORDERS.

Whether the proposed rule may be approved and published. The original rules in G.O. 116 Marine dated 12th February 1897 were issued under Act I of 1870, and thus required the "previous sanction of the Governor General in Council". The proposed addition to the rules will also, perhaps, require similar sanction.

2. If, however, the rule issues under Act III of 1897, to which there would seem to be no objection, it can be sanctioned and published by the Local Government.

- (1) I should say, add to our recent revised Quarantine rules, which I think cancelled the old ones.
- (2) What has become, of the revised rules? I don't recollect seeing them in the Gazette. Perhaps they are in the Gazette which I'd read here today
