I don't know why the latitude
was built - Anyway, I consider
as I said before, that lighthouse
keepers must make their own
sanitary arrangements as the
people have to do.

PRESIDENCY PORT OFFICE,
 Madras, 24th May 1897.

From

Commander A. A. Street, R.N.
 PRESIDENCY PORT OFFICER,

To

THE SECRETARY TO GOVERNMENT,
 MARINE DEPARTMENT,

SIR,

Go S. 261

 7 May. J

In G. O. No. 1938 W, Public Works,
 dated 3rd August 1895, sanction was
 accorded to the construction of a
 latrine for the lighthouse keeper
 (Superintendent) at Calingapatam.
 The building has been completed,
 and when I inspected the lighthouse
 buildings at the port in the beginning
 of this year the Superintendent drew
 my attention to the want of a sweeper
 to keep the latrine clean. He stated
 that he could not possibly out of
 his small pay afford to keep
 a special man for the purpose,
 and

and that as the buildings are some distance from the nearest village, the services of a man to come once or twice a day to attend to the latrine were not obtainable. Under these circumstances, I submit that the instructions contained in G.O. No. 494, Marine, dated 10th July 1896, as regards the entertainment of sweepers, might be relaxed in this instance, and that a sweeper on Rs 4/- per mensem be attached to the lighthouse establishment at Caluigapatam. At present the state of the foreshore, owing to the want of a sweeper at the lighthouse latrine and the use made of it by the Superintendent and the keepers, can be better imagined than described.

I have the honor to be,

Sir,
Your obt. servant,

W. A. Theet

Commander, R. S. M.,

Presy. Port Officer.
