GOVERNMENT OF MADRAS.

MARINE DEPARTMENT.

READ—the following paper:—

From J. N. ATKINSON, Esq., I.C.S., Chairman, Harbour Trust Board, Madras,
to the Secretary to Government, Marine Department, dated 3rd June 1897,
No. 1115.

I have the honour to acknowledge the receipt of your memo., dated 31st March,
No. 237 E., and to inform you in reply that on enquiry I find that the General
Superintendent, Public Works Workshops, is prepared to undertake the repairs of the
Harbour Master's Steam launch in future, should Government direct that they are to
be carried out by him instead of by the Board's Engineer and local firms as hitherto.

ORDER—No. 533, Marine, dated 14th June 1897.

His Excellency the Governor in Council observes that the Public Works Work-
shops at Madras are maintained with the distinct object of meeting the requirements
of all departments of the public service, and that public interests would be best
served by keeping the shops fully employed. His Excellency in Council, therefore,
hopes that the Harbour Trust Board will see its way to employing the shops on all
suitable occasions in which work cannot be carried out departmentally under the
direct supervision of the Board's Engineer.

For Orders.

With reference to
the Hon. Member's remark
on the draft of No. 294 Marine
of 25 March 1897. There is
probably no intention of
interfering with work under-
taken by "the Board's Engineer"
departmentally. It is only
when "local firms" are em-
ployed in preference to the
Govt. Workshops that any
objection can be raised.

R.S. I certainly think that when
quasi-fort work is concerned, it is
for the P.W.D. if that Svt. is able to
undertake it. The H.T.B. may therefore
be asked to send such work there when
not carried out by the H.T.B. depart-
mentally — The H.T.B. is of course
not bound by the wishes of Svt. in the matter
and the order must be more of a request than
an order. The advantage of sending the P.W.D.
H.M. 9.6.97 fully employed may be dwelt on
