

Directing that the new system of making up — be introduced with effect from the beginning of the current official year and that the charges connected with the dredger *Wenlock* for 1896-97 be adjusted as in the previous year.

GOVERNMENT OF MADRAS.

MARINE DEPARTMENT.

READ—the following papers:—

From Commander H. A. STREET, R.I.M., Presidency Port Officer, Madras, to the Secretary to Government, Marine Department, dated 8th May 1897, No. 161 G.

With reference to G.O., No. 261, Marine, dated 19th March 1897, I have the honour to request that orders of Government may be obtained as to the date from which the changes ordered by them in the classification of the Port Fund accounts should be given effect to. Seeing that a new financial year has commenced and that the sanction of the Government of India has not been as yet received to the notification C appended to the Government Order, I presume that the Government will now order the new classification from 1897-98, although from paragraph 2 of the memorandum recorded in G.O., No. 341, Marine, dated 15th May 1896, it would appear that the changes were then intended to be made from 1896-97. The allotment for expenditure in 1896-97 was made with reference to the several District Port Fund balances and not with reference to the general group fund.

2. I request also the orders of Government in respect to the distribution of charges of dredger *Wenlock* which were deferred pending the settlement of the question of the revised system of Port Fund accounts (*vide* G.O., No. 436, Financial, dated 22nd July 1896). It appears to me that the charges in question should be treated as general charges and debited at the end of the year to the Madras, Eastern and Western group funds in the proportion specified in paragraph 7 of G.O., No. 261, Marine, dated 19th March 1897.

From F. C. HARRISON, Esq., Officiating Accountant-General, Madras, to the Secretary to Government, Marine Department, dated 10th June 1897, No. 1748.

I have the honour to return the papers received with your memo., No. 361 E., dated 27th May 1897, and to state that, as the new system of making up Port Fund accounts has been sanctioned only in March last, it would be correctly and conveniently brought into force from the beginning of the current official year.

As regards the dredger *Wenlock*, I think the charges for 1896-97 should be included in the general charge of Port Funds as in 1895-96 and adjusted as they were then adjusted.

ORDER—No. 589, Marine, dated 1st July 1897.

The proposals of the Accountant-General are approved. The new system of making up Port Fund accounts will accordingly be introduced with effect from the beginning of the current official year, and the charges connected with the dredger *Wenlock* for 1896-97 will be adjusted as in the previous year on the principles laid down in G.O., No. 586, Financial, dated 13th August 1895.
