SIR,

With reference to para 4 of my letter No: 52/67, dated the 14th June 1897, I have the honor to state that from enquiries made the Assistant Superintendent of Sea Customs does not appear to have been authorized either by the Collector or the Head Assistant Collector of Madura to grant bills of health - in fact the Collector considers it anomalous that the Assistant Superintendent should do so when there is a Medical Subordinate on the spot.
