MADRAS, 26th May 1897.

No. 944

FROM

J.N. Atkinson Esq. I.C.S.,

CHAIRMAN, HARBOUR TRUST BOARD,

MADRAS.

TO

The Hon'ble Col D. McNeil Campbell R.E.,

SECRETARY TO GOVERNMENT,

Marine Department.

Sir,

Considerable inconvenience and delay to shipping occasionally occurs through the iron screw pile pier being unable to cope with the Traffic poured upon it when several liners besides coasting steamers are simultaneously landing and shipping cargo, and the Trustees have lately had under consideration the best means of meeting the difficulty, pending the construction of the Boatbasin.

One obvious way is to make use of the arms of the Harbour for landing cargo, but it would be inconvenient to the Traffic Department, and objectionable from the Collector's point of view, to land foreign goods there. It has therefore been decided to land only coasting cargo at the north arm, the south arm being, for want of water alongside of it, at present unsuitable.

This would tend to relieve the occasional congestion of Traffic upon the iron pier; but the difficulty is how to dispose of coasting cargo when landed at the north arm, and the suggestion has been made that Government might be willing to permit the building erected for a Public Bonded Warehouse to be used for the purpose, until the Boatbasin is completed.

4. The roofing would have to be completed in the north east corner of the building, and doors would have to be opened in the east wall, cargo being brought alongside in trucks on a line of rails from the north arm.

5. The Board would of course restore the east wall to its present condition, by removing the doors and bricking up the proposed openings therein, if called upon to do so at any time.

6. The favour of very early orders is solicited, as the delay in providing suitable accommodation at the proposed boatbasin, is increasing the difficulty of satisfactorily handling cargo at this port.

I have the honour to be,

Sir,

Your Obedient Servant,

J. H. Atkinson

Chairman,

Harbour Trust Board.

Government
Read ~~Under Secretary~~ Order Mis. No. 2960 Revenue, dated 11th June 1897, and Board's reference thereon to the Collector of Sea Customs, Madras, for remarks dated 16th June 1897.

Read also the following letter from the Collector of Sea Customs, Madras, No. 4262 G. dated 1st July 1897:-

Adverting to the Board's reference dated 16th June 1897 on Government Register No. 660 of 1897 calling for remarks as to whether there is any objection to the new public warehouse being used by the Harbour Trust Board, I have the honour to state that the building has all but been completed requiring only a portion of the roof to be spread with concrete and plastered, and the flooring paved, when it will be fit for occupation as a public warehouse, which is greatly needed for the convenience of the trade of the port.

2. ^{are here} There ~~is now~~ no less than fourteen bonded warehouses scattered in different directions all over the city, besides the petroleum tanks of Messrs. Best & Co. and the extensive kerosine oil godowns of Messrs. Gordonwoodroffe & Co. in the immediate charge of the Supervisor of Bonded Warehouses. The Board in its Proceedings No. 145 dated 8th April 1897, (separate Revenue) in recognising the responsibilities of this office has stated that the large revenue (of nearly 4½ lakhs of rupees) resulting from transactions in bonded warehouses should rather be in charge of an Inspector than in that of an officer on Rs. 175+25 carriage allowance. It was with a view to concentrate the Supervisor's work, provide better supervision and safeguard the revenue, that the warehouse was applied for and sanctioned at a heavy cost to Government and in expectation of its being completed and made over to this Department.
