Letter from the Executive Engineer, West Coast Division, S-183 S.E., dated Calicut 29th March 1897:—

With reference to your S-106 of 17th March 1897, communicating copy of Local Fund Budget Estimates for 1897-98, I have the honour to make the following remarks:—

Excluded Local Funds, Civil Works.

Part I

Item 4. Estimate is under revision.

Item 6. An estimate has been submitted but returned for revision and resubmitted with S-141 S.E. dated 5th March 1897. The question of purchasing a bungalow has been reopened.

Items 9 and 10. I imagine that these two items refer to the same work. I have not been called upon for an estimate but only to report a proposal made by the Collector of South Canara.

Part II

Excluded Local Post Fund.

Item I. An estimate for Rs 2,300 was submitted with this office S-2299 of 6-7-93. I presume Mr. Ashpitel is responsible for this.

Item 2. I presume Mr. Ashpitel is responsible for this.

Engr's remarks

Yes

Yes. This work is not required. Mr. Engr. has been quite recently directed to submit an estimate for screw piles.

Estimate forwarded to the Presi-
dent Post
office with
this office S-
276 4/11-7-93.

Item

Item 4. Under consideration. The name of the reef is Coote and not Cooln. Voted.

Item 5. Groynes are I think unnecessary. Not necessary.

Item 6. I think that this refers to Ponany. Do not know what it refers to. If so the Collector will be addressed on the subject.

Item 7. No information in this office of any proposal. Know nothing about this.

Endorsement thereon by the Superintending Engineer, IV Circle, No. 208 W dated 12th April 1897:

Copy forwarded to the Chief Engineer, P.W.D. (through the Presidency Port officer) for favour of orders with marginal remarks of the undersigned.

Public Works Department.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following:-

From the Superintending Engineer, IV Circle, No. 208 W dated 12th April 1897.

Endorsement thereon by the Presidency Port Officer, Madras, No. 1763/72 P.W., dated 28th April 1897:-

Forwarded to the Chief Engineer to Govt., Public Works Department, observing as follows:-

Part I.

Item 4. Estimate for a residence for the Port officer, Cochin, was called for in G.O. No. 2367 W, dated 17th August 1896, but has not yet been sent to the office by the Superintending Engineer VI Circle.

Item 5. This office recommended to Government (on 5th February 1897) the acquisition of the property alluded to in G.O. Marine No. 28 of 22nd January 1896, as a residence for the Port Officer, Mangalore.

Items 9 & 10. These, it has been pointed out to Government, refer to the same work, but the proposals for a pontoon pier for Mangalore have been rejected by Government and an estimate for a screw pile pier called for; (vide G.O. Marine No. 308 dated 30th March 1897).

Part II (minor works).

Item 1. Government have been informed (on 5th April 1897) that this item (construction of quarters for light-keepers at Calicut) may be expunged from the Budget as the work is not considered necessary at present.

Item 2. -Do- -do- -do- -do-.

Item 4. (Constructing beacons to mark the Coote Reef, Calicut) Intimation was received from the Executive Engineer

Engineer in July last that a plan will be furnished as soon as the sea is moderated to allow of an inspection of the rock at the proposed site of the pier. "Working is a mistake for "working".

Item 6. (Two rough stone groynes for Ponani Port). The Port Officer, Cochin, having recommended this work as very necessary to prevent further erosion of the sea at Ponani, Government were asked (on 14th April 1897) to call for the necessary estimate.

Item 6. (Refers to a proposed sea-wall for the Port of Ponani). The remarks against Item 6 apply to Item 6 also.

Item 7. (A landing stage for Malpe). The Collector of South Canara has promised an estimate for this work, which is awaited.

Order thereon No. 1966 W 247-7-97
Recorded with the following remarks:-

(1) The submission of the estimate for a residence for the Port Officer at Cochin, which is said to be under revision in the Executive Engineer's office, should be expedited.

(2) The question whether a new residence should be constructed for the Port Officer at Mangalore, or whether the building recommended by the Presidency Port Officer should be purchased is under consideration.

(3) Items 8 & 10 of Part I of the Preliminary Estimate of the Excluded Local Fund Budget being one and the same

work, the former item has been expunged from the final Budget.

budget. The Superintending Engineer will lose no time in submitting the plans and estimates for a screw pile pier at Mangalore called for in S.O. No. 1322 W dated 20th March 1897.

Items 1 & 2 of Part II of the Preliminary budget being unnecessary, have been expunged from the final --

(5) The Superintending Engineer will arrange to furnish the Presidency Port Officer as early as possible with a plan of the proposed beacons to mark the Cooze reef at Calicut.

(6) The submission of the estimates for two groynes and a sea wall at Ponani called for in S.O. No. 1322 W dated 19th May 1897 should be expedited.

(7) The estimate for a landing stage at Malpe proposed by the Collector of South Canara is awaited.
