1881

The first of the year was a very dry one
 and the crops were much injured by the
 drought. The wheat was particularly
 affected and the yield was very small.
 The corn crop was also much injured
 and the yield was very small. The
 cotton crop was also much injured
 and the yield was very small. The
 sugar crop was also much injured
 and the yield was very small. The
 tobacco crop was also much injured
 and the yield was very small. The
 other crops were also much injured
 and the yield was very small.

The second of the year was a very wet one
 and the crops were much injured by the
 drought. The wheat was particularly
 affected and the yield was very small.
 The corn crop was also much injured
 and the yield was very small. The
 cotton crop was also much injured
 and the yield was very small. The
 sugar crop was also much injured
 and the yield was very small. The
 tobacco crop was also much injured
 and the yield was very small. The
 other crops were also much injured
 and the yield was very small.
