SUBJECT.

Buoy from Calcutta Dockyard for (Ammapatam (Tanjore dist.)) for marking Anchorage.

Note. The absence of a distinguishing mark to guide steamers when looking for the Ammapatam port having been brought to notice by Commanders of steamers, the P.P. Officer proposes in addition to the provision of a landmark as to which he is in communication with the Collector of Tanjore — to lay down a buoy at the port to mark the anchorage. A suitable buoy from the Indian marine Dockyard at Calcutta, is reported to cost Rs. 170 inclusive of freight. The outlay is proposed to be met from the unexpended balance of the provision in the budget for a 15 ton Crane for Tuticorin. It is proposed to sanction the application.

Sir,

Since the issue of G.O. Marine, No 435, dated 27th May 1898, Annapatam has become a regular port of call of the passenger steamers plying between Negapatam, and Colombo, via intermediate ports. Commanders of steamers, calling at Annapatam have, however, brought to notice the absence of some distinguishing mark to guide them when making this port, and it is proposed therefore to

to utiline an existing low sandy hill as a landmark by clearing some trees which now obstruct its view from seaward (on which point I am in communication with the Collector of Tanjore) and to lay down a buoy marking the anchorage. I request that sanction of Government may be obtained to a suitable buoy being obtained for the purpose from the Indian Marine Dockyard, Calcutta, the cost of which will be about Rupees (170) one hundred and seventy including freight and can be met from the Eastern Group Port Funds.
