No. 1041, MARINE, 15TH DECEMBER 1898.

ORDER—No. 1041, Marine, dated 15th December 1898.

With his letter read above, the Presidency Port Officer submits a list of private jetties at ports other than Tuticorin and Cochin showing the conditions, so far as they can be ascertained, under which they were built and are now held.

His Excellency the Governor in Council has already declared, in the case of the jetties at Tuticorin, that the Government are bound, in the public interest, to retain free and absolute control over the use and disposal of the foreshore from high water-mark seawards. In order that this control shall not be prejudiced in any way by these private works, it is necessary that their owners shall be called on formally to acknowledge the rights of Government; and, in recognition thereof, to pay a nominal rent for the portion of the foreshore occupied by the works. This rent will, as in the case of Tuticorin, be fixed at Rs. 10 per annum for each jetty. The Collectors concerned will take the requisite action. They will further inform the owners that the jetties should be in no way extended without the previous sanction of Government, and such sanction should, in future, be obtained for the erection of new works of any kind by private owners within port limits.
