SUBJECT.

In File: 80.314 d/8 April 1897, a sum of Rs 23,000 was made available from Messrs. Massey & Co. for the purchase of cranes and trucks for the Interior on the new Pier at Tuticorin. It is from this provision, probably, that the P.P.O. intends to meet the present

Charge R.S.

The charge may be sanctioned, but the P.P.O. puts the source from which the money may be found in much too vague a way - It is like saying that Govt. expenditure will be met from Govt. funds. That we know -

What the P.P.O. has to do in
such a case as the present is to in-
dicate the particular item provided
for in the Budget against which the
expe^{re} may be debited. He does
not seem to have any idea of Budget
limitations - Let him point to a
particular item -

I think if you ask the F. S. you will find that there is a regular form of reappropriation ^{Statement} to meet cases in which an object not provided for in the budget is to be carried out by means of funds made available ^{by transfer} from some other ~~fund~~ budget item under which savings are exhibited. If so, the P.S.D. should use it whenever the proposed expense is not provided for in the budget. This will give him pause to make him think.
