FROM

J.N. Atkinson Esq. I.C.S.,

CHAIRMAN, HARBOUR TRUST BOARD,

MADRAS.

To

W.B. DeWinton Esq.,

SECRETARY TO GOVERNMENT,

Marine Department.

Sir,

I have the honour to acknowledge the receipt of your memo dated 15th February No. 96 E Marine with copy of office note from the Examiner Public Works Accounts, No. II7 a/a dated 26th January.

2. In para II of his note dated 4th January 1896 the Chief Engineer (Col: Pennycuik) wrote: "the provision for improving the south arm, so as to prevent sand from entering, is, in my opinion, essentially necessary" vide G/O II9 Marine dated 26th February 1896.

3. It appears to me that under such circumstances the sanctioned Estimate of Rs 54369 should not be cancelled. The question is merely in abeyance, until orders are received regarding the proposed boatbasin, in the sand South of the Harbour; and I submit that unless some scheme is finally adopted which renders the proposal to make the south arm sand-tight unnecessary, the sanctioned estimate should stand, and expenses incurred—Rs II65-0-4 up to date—should be charged to that estimate.

I have the honour to be,

Sir,

Your Obedient Servant,

Secy.

Chairman,

Harbour Trust Board.
