a copy of a Notification issued by the Governor-General in Council, in exercise of the powers conferred by the Epidemic Diseases Act, (cancelling the prohibition against the bringing of used gunny bags from the Bombay Presidency into other parts of India, the Notification of the Government of India, No. 18-97, 2. Foreign The grain and seed merchants of Bombay have presented that the prohibition operates as a serious hindrance to the trade in grain and seeds, by compelling importers to use new bags for the transport of their produce. The Governor General in Council recognises the gravity of this obstruction to trade and has carefully considered the question of the necessity of maintaining the prohibition. His Excellency in Council is advised that the use to which gunny bags are put in the course of trade are not such as to render them subject

to the contamination of plague infection; and that the withdrawal of the prohibition in the case of gunny bags will not entail any danger. The Notification which accompanies this letter has accordingly been issued. For information,
