THROUGH THE COLLECTOR OF SALEM.

Sir,

With reference to the Proceedings
No. 2481 in this, dated 11th instant, I have the
honor to report that the Sanitary Commissioner
in his last inspection notes embodied in G.O.
No. 754 in dated 31st March 1897 remarked that
the water in the galilee tank used for washing
and bathing purposes was so foul that it
was impossible to stand within boyards of it
with comfort and the gaseous products of decomposi-
tion were being disengaged from the water
forming visible bubbles and the water was
green and thick. Hence the Council thought it
advisable to bale out the water and clear the
silt completely and a sum of Rs 58-8-0 was
spent for the purpose. Under G.O. No 644 in dated
4th April 1892, this charge has to be shown under

Grant I 2d ii and as there was no provision in the budget for this work and as the Council could under G.O. No: 6912 dated 22nd June 1888 transfer from one sub head to another under the same major head, the transfer of ^{of accounts} allotment from Grant I 2d iii to Grant I 2d ii (Establishment) was sanctioned, as the work related to improvement of water supply, a saving of about Rs 100 is expected under Grant I 2d iii Contingencies.

If the Government think that the charges relate to Establishment proper and that the special sanction of Government is necessary for the expenditure, I request that you will be so good as to obtain the sanction of Government for the same.

2. A Copy of the Council's resolution sanctioning the transfer together with the application for the transfer of funds is also herewith submitted.

I have the honor to be,
Sir,
Your most obedient servant

Chairman
