The Secretary to Government,

Local and Municipal Department.

Madras.

With reference to your official memorandum

No 1280 dated 7th Instant, I have the honor to state
that the delay in the submission of the report called for
in G.O. No. 581, dated 17th March 1897 is due to the non-receipt
yet of the standard designs of the Hospital buildings from
the Sanitary Board. After the receipt of this order, the
Sanitary Board was addressed to expedite the despatch
of the designs, but when the Secretary to the Board informed
the Council that it would take time for them to be ready,
the Council requested, to avoid delay, Messrs Lewis and
Kharegat—two Engineer—councillors—to prepare them:
but it so happened that soon afterwards Mr. Kharegat
was

was transferred and Mr Lewis returned the file of
papers in this connection, stating that after all the
trouble he might take to do what was required of him
by the Council, the Sanitary Board might not approve of
his plans and so it would be well to await their receipt
from the Sanitary Board, notwithstanding the delay. Nothing
could therefore be done here.

When the Surgeon-General came here last September
for inspection, I told him that a report to the Government
on the Hospital building scheme was being delayed for want
of designs, and that he would therefore kindly have them
sent at an early date. He said that they were ready and
were being printed. I hope to receive them soon, and
as soon as they are to hand, a full report on the whole
scheme will be submitted.

I beg to add here that the designs for the Vaccine
shed and the Hospital Assistant's quarters were received from
the Sanitary Board, and these two buildings are in course
of construction, and will be completed very shortly.

I have the honor to be,
Sir,

Your most obedient servant

W. H. H. H. H.
12/12/97
Chairman
