This is a F.W. matter -
but the sanction of Gth
is not necessary to an
estimate of the 6th. which
is nearly probably is that
the allowance of the 3 has
been exceeded. and as
this causes doubtless
appertain to the post
office year, nothing can
now be done. If the
facts are as stated above,
the paper need not be
formally transferred to the
F.W. D. Routine will be saved.
