Remuneration to Sir Alexander Rendel, K.C.I.E.

Despatch from the Secretary of State forwarding, with remark, copy of correspondence between the India Office and Sir Alexander Rendel, K.C.I.E., in regard to the grant to him of a fee of 600 guineas for his services as Consulting Engineer for the Madras Harbour Works, communicated to the Chairman, Harbour Trust Board, with reference to G.O., No. 172, Marine, dated 10th March 1898.

GOVERNMENT OF MADRAS.

MARINE DEPARTMENT.

READ—the following paper :—

Despatch from the Right Honourable the Secretary of State for India, to His Excellency the Governor in Council, Fort St. George, dated India Office, London, 28th April 1898, No. 4 (Public Works).

With reference to Your Excellency's Marine letter, No. 1, of the 10th March 1898, I transmit herewith, for the information of your Government and for communication to the Madras Harbour Trust Board, copy of correspondence* which took place between this office and Sir Alexander Rendel, K.C.I.E., in the autumn of 1897, in regard to the grant to him of 600 guineas for his services as Consulting Engineer for the Madras Harbour Works since his appointment to that office in March 1889.

2. It will be seen from this correspondence that, for the future, it has been arranged that the form of Sir A. Rendel's remuneration shall be by fees for such duties as he may be called upon to perform while holding the appointment.

ENCLOSURES.

From Sir ALEXANDER RENDEL, K.C.I.E., to the Secretary, Public Works Department, India Office, dated 8, Great George Street, Westminster, 30th September 1897.

Many years ago when I was appointed Consulting Engineer to the Madras Harbour Works, my letter of appointment informed me that the determination of the sum I was to be paid for the work was to be deferred for six months, when the amount of the work I should be called upon to perform would probably be known.

At the end of six months the work I had done in connection with the harbour was so small that it could not be considered normal and I did not raise the question. Later on it became more considerable, various articles of plant had to be designed and superintended, I corresponded with the Resident Engineer, and several important reports became necessary, concluding with one written last year, which occupied a great deal of my time.

Further, in 1890, I visited the harbour, receiving no fee for doing so, a portion of the sum which I received from the East Indian Railway Company and should have received, in any case, being credited to the company, and I presume, debited to the Madras Harbour. I even defrayed my own expenses by steamer from Calcutta to Madras and back.

I have only myself to thank, of course, for this. Practically I forgot to make a claim except at times when I could not conveniently do so.

I venture, however, to hope that a claim will still be considered reasonable, and to name a sum of 600 guineas as one which is not too much to ask or to be allowed.

From Sir ARTHUR GODLEY, K.C.B., Secretary, Public Works Department, India Office, to Sir ALEXANDER RENDEL, K.C.I.E., 8, Great George Street, S.W., dated 21st October 1897, No. P.W., 1781.

I am directed to acknowledge the receipt of your letter of the 30th September and to acquaint you, in reply, that the Secretary of State for India in Council has been pleased to award you a sum of 600 guineas as remuneration for the services which you have rendered in connection with the Madras Harbour Works since the date of your appointment as Consulting Engineer in 1889.

I am, at the same time, desired to inform you that, for the future, the form of your remuneration should be by fees for such duties as you may be called upon to perform while holding this appointment.

From Sir ALEXANDER RENDEL, K.C.I.E., to the Secretary, Public Works Department, India Office, dated 8, Great George Street, Westminster, 22nd October 1897.

I beg to acknowledge the receipt of your letter, P.W. No. 1781, dated the 21st instant, in answer to mine of the 30th September last, and to express my thanks for the sum awarded to me for my past services in connection with the Madras Harbour Works.

In future I will apply for remuneration in the manner directed.

ORDER—No. 448, Marine, dated 3rd June 1898.
