The Hon Sir Hen Blake
K.C.M.G.

For orders.

Go. 367 Marine d/ 11 May was enlarged by Go 382 d/ 13 May 98 to certain outports of which Coconada is one. But it would appear that local arrangements are not yet sufficiently advanced to admit of the orders being carried into effect x Messrs Wilson accordingly ask that the Port Health officer be authorised to admit the Warrant "L" to the privileges of "pratique" after ordinary medical inspection.

I don't see how anything can be done but telegraph to Govt of that Coast District (the W. coast ports are now closed by the monsoon) to see that arrangements are in good order. I say "see that all arrangements ordered in Order of 382 May 13 are efficient - Complaint of delay due to incomplete arrangements for disinfecting cotton received from Coconada -"

Will Watson & Co that we regret that there should have been any delay due to incomplete arrangements & that instructions have issued.

Draw S. of S.'s attention to the complaint "irresponsible health officer there" & ask what it is, & whether if an abstract, a translation of any Cocanada Municipal Regn is available & send them
