As directed by the Hon. Member in his note on the draft of G.O. 377 Marine dated 13th May 1898, the Presidency Port officer was asked to report whether arrangements could not be made for a periodical inspection of the light at Point Calimere (said to be much neglected) by the Salt Inspector of the neighbouring factory of Tadaranyam. His reply is now received. It will be seen from this, that the Inspector of Salt Revenue reports that neither he nor his assistant can undertake the lighthouse inspection without detriment to their legitimate

From

Commander H. A. Street, R. I. M.,
Presidency Port Officer,
Madras,

To

THE SECRETARY TO GOVERNMENT,
MARINE DEPARTMENT,
CHENNAI.

Sir,

With reference to reminder from Government No. 2076 dated 5th July 1898, I have the honor to acquaint you, for the information of Government, that I have ascertained from the Port Officer Negapatam, that the Inspector of Salt Revenue at Vadaraniem reports, that neither he nor his assistant can, without detriment to their other legitimate work, undertake to visit the lighthouse at Point Calimere

Salt Officers to inspect the light,
as the frequent inspections now made
by the Lighthouse Inspector are having
a good effect, and besides an
inspection by a person unacquainted
with lighthouse arrangements would
be of no use whatever.

I have the honor to be,
Sir,

Your Obedient Servant,

Matthew

Commander, R. I. M.,

Presidency Port Officer.
