Sir,

Referring to G/O Marine No. 524 dated 20th June 1898 directing that the Board's Engineer should proceed with the construction of the protective revetment north of the Harbour at an estimated cost of Rs 64,879, I have the honour to submit for the information and orders of Government a tracing showing a proposed modification of the position of the line of rubble opposite the Madras Railway Company's Royapuram Terminus, as marked B on the plan, a little further east than the position formerly proposed marked A.

2. The alteration in the position will not affect the estimate.

3. The modification is approved by the Agent and Manager of the Railway as "it will prevent the fouling "of the proposed line to the Beach, the estimate for which "is now before the Government"
