Sir,

I beg to acknowledge receipt of your letter of 31st Ultimo No.1848/1092 M with file of papers relating to the disposal of a sum of Rs.17-9-0, sale proceeds of certain boring implements said to belong to a Monsieur Poiley, who went to Paumban in 1887 and is since dead, and which implements have ~~since~~ been sold under the orders of Government.

2. The strict legal course would, no doubt, be for the Administrator General to take out letters of Administration to the estate of the late Monsieur Poiley, if he be dead, and for Government to pay over the amount to the Administrator General, but there is a difficulty in the way of his obtaining Letters of Administration, as there is no evidence that Monsieur Poiley is dead, and the Administrator General might feel some difficulty in stating, as he would have to do in his Petition to the High Court for Letters of Administration, that Monsieur Poiley is dead.

3. Under these circumstances, and considering the very small amount involved, I think the money might be credited to Port Funds or such other account as Government may think fit, and the amount will always be available for Monsieur Poiley should he ever claim it, or for any one else who can establish a claim to the money. It

is

is, of course, very unlikely that the money ever will be claimed.

Sir,

With reference to G.O., Marine, No. 450, dated 16th November 1894, I have the honor to report, for the information of Government, that the bearing implements belonging to the late Monsieur Poiley were, after due notification in the "Fort St. George Gazette", sold at auction and fetched Rupees (17-9-0) Seven teen and annas nine only. No one has yet come forward to claim the money, and the consular agent for France at Madras, after inquiries instituted by him, informs me that he is not aware of any person who has any legal claim to it. Under the circumstances I beg to enquire, to what head the amount
