PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following:-

Letter from the Superintendent of Works Light-House Division No. 1336 dated 15th October 1898.

I have the honour to request your permission to dismantle the existing light-keepers quarters at Mangalore as the materials may be used for other buildings under construction. From enquiries I made at Mangalore I find that, owing to the want of water, there is no probability of these quarters being let or sold for a reasonable price when no longer required by you.

2. Only one light keeper (without family) occupies the quarters at present and there will, I understand, be no great inconvenience if he is evicted. The value of the materials of which the quarters are constructed is considerable as I can utilise them for other buildings but if sold will probably fetch next to nothing.

3. I also request your permission to utilise the glazed and venetian ^{windows} at the old lighthouse as these will answer well at Kaph Rock. I do not wish to remove these windows until the Mangalore tower has been finally abandoned.

Letter from the Presidency Port Officer No. 1271/220 P.W. dated 19th October 1898.

In reply to your letter No. 1336 dated 15th October 1898, I have ^{the} honour to state that the permission of Govt. should be obtained to your first proposal and that I have no objection provided Government grants the necessary permission.

BACK PAPERS.

The materials specified in para 3 of your letter may be ~~xxx~~ utilised as proposed provided the Public Works Department officials concerned agree.

Endorsement thereon by the Superintendent of Works Light House Division No. 1360 dated 26th October 1898.

True copy forwarded to the Chief Engineer Public Works Department for orders.

Order thereon No. 2940 W 8/19.11.98

The proposals made in the foregoing letter are sanctioned.

ORDERING OF THE MANGALORE LIGHT HOUSE.

Read the following:-

Letter from the Superintendent of Works Light House

Division No. 1360 dated 26th October 1898.

I have the honor to request your permission to use

materials the existing light-keepers quarters at Mangalore as

the materials may be used for other buildings under construction.

From enquiries I made at Mangalore I find that, owing to

the want of water, there is no possibility of these quarters

being let or sold for a reasonable price when no longer

required by you.

2. Only one light keeper (without family) occupies the quarters

at present and there will, I understand, be no more.

Incidentally it is to be noted that the value of the materials

of which the quarters are constructed is considerable as I

can utilise them for other buildings but it will probably

be lost next to nothing.

3. I also request your permission to utilise the glass

and ventilation of the old light-house as these will answer well

at Kapp Rock. I do not wish to remove these windows until the

Mangalore power has been finally abandoned.

Letter from the Presidency Port Officer No. 1371/20 P.W.

dated 26th October 1898.

In reply to your letter No. 1360 dated 26th October

1898, I have the honor to state that the permission of Govt.

should be obtained to your first proposal and that I have no

objection provided Government grants the necessary permission.
