LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following paper:—

From the Plague Commissioner, Ref. on C. Nos. 264 and 2175, dated 31st December 1898.

Read—the following papers:—

From the Collector of North Arcot, dated 5th October 1898, Dis. No. 122-P.

ABSTRACT.—Suggesting that separate forms of passport may be prescribed under No. 17 of the Original Mufassal Plague Regulations in the case of incapacitated persons.

From the Collector of Bellary, dated 9th December 1898, Ref. on C. No. 2612-P.

ABSTRACT.—Communicating, for favour of opinion, copies of correspondence connected with the prosecution of a child, 3½ years old, which was not produced by its guardian for inspection during ten days after arrival from a plague-infected area, and suggesting the early amendment of the regulation on the subject.

Reference—on C. Nos. 264 and 2175, dated 31st December 1898.

As stated by the Collector of North Arcot, the passport rules contemplate the issue of a separate passport to each passenger, but do not contain any provision regarding the case of minors and incapacitated persons. In the case of these persons, the obligation to take out passports for them should, the Plague Commissioner thinks, vest in their legal guardians or the persons in charge of them during the railway journey, and the following addition to Mufassal Regulation 17 and City Regulation 22 is submitted for the approval of Government:—

"In the case of minors and incapacitated persons, the obligation to take out passports for them, to present them for daily inspection, to report truly their names and addresses, to intimate any changes in their residence and to comply otherwise with the requirements of this regulation, shall vest in their legal guardians or persons in whose charge they travel or who receive them at the railway station of destination."

2. As regards the passport form, the only alteration that seems necessary is to substitute the words "present the above-mentioned person" for the word "appear" in the declaration. The entries 1—9 in the amended passport should relate to the minor or incapacitated person and not to the person signing the declaration.
