Issuing further instructions in connection with the notes regarding revised estimates required for the preparation of the annual — called for in G.O., No. 111, Financial, dated 17th January 1899.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—again the following paper:—

G.O., No. 111, Financial, dated 17th January 1899.

ABSTRACT.—Directing the Board of Revenue and all heads of departments who submit budget estimates to any department of Government to submit in future annually to the Financial Department, by the 1st February in each year, notes regarding the revised estimates of receipts and charges for the current year.

READ—also the following papers:—

From the Board of Revenue (Land Revenue), Mis. No. 458, dated 7th February 1899.

From the Inspector-General of Prisons, dated Ootacamund, 7th February 1899, No. 987.

ORDER—No. 243, Financial, dated 14th February 1899.

The Board of Revenue and the Inspector-General of Prisons will be informed that the notes called for in G.O., No. 111, Financial, dated the 17th January 1899, are required in connection with the preparation of the annual financial statement, for which it is not practicable to utilize the explanations which accompany the departmental revised estimates submitted to Government, as these explanations are not always applicable at the time of the issue of the preliminary issue of the Civil Budget Estimate in January. Although the Accountant-General is responsible for the figures of the revised estimate and these figures undergo changes at his hands from time to time, heads of departments who control expenditure must necessarily be interested in such changes and should be in a position to afford information in connection with the revised figures.

2. The letter from the Inspector-General of Prisons read above and some of the notes already received by Government show that considerable misapprehension exists as to the scope and nature of the information required. All that is necessary is a running commentary on the figures of the revised estimates of the current year as compared with the budget estimates for the same year, as is contained in the section "II.—REVISED ESTIMATE FOR 1897-98" of the financial statement, published on pages 49 to 52 of the Supplement to the *Fort St. George Gazette*, dated the 3rd May 1898. The explanations should be confined to PROVINCIAL heads and to important differences between the figures of the revised and budget estimates. Only such references to proceedings of Government as bear on the points noticed need be quoted.

3. Pending further orders the heads of departments mentioned in the appendix to these proceedings will be required to furnish the notes called for in G.O., No. 111, Financial, dated 17th January 1899.
