PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following

Letter from the Director General of
Stores, India Office, No 14638, dated
3rd February 1899.

Referring to your letter No 31124,
dated 5th December 1898, forwarding an
indent for a Sand pump and dredge,
I have the honour to inform you that the
Specification has been prepared and tenders
have been invited by advertisement.
On the receipt of the tenders the cost and
probable date of supply will be tele-
graphed ^{to you}, as desired.

The Consulting Engineer has pointed
out that the Specification received with
the indent states that wood is to be
used as fuel. He observes that he should
have thought that, with the Singareni
Coalfields not more than 234 miles
distant, with rail all the way, coal
could have been used. He has, however,
provided in the Specification for boilers
for wood, as asked for.
