No. 956

Presidency Port Office,
Madras, 27 October 1898.

From

Commander, H. A. Street, A. I. No.,
Presidency Port Officer,
Madras,

To

THE SECRETARY TO GOVERNMENT,
MARINE DEPARTMENT,

CHEPAK.

Sir,

With reference to para 5 of
G. O. Marine, No. 636, dated 22nd Jul
1898, and in continuation of this office letter
No. 956/331 G, of 26th September 1898, I have
the honour to acquaint you, for the inform-
tion of Government, that at the underment-
tioned ports there are enclosures reserved for
port purposes, the cost of conservancy
whereof is estimated as under:—

(a) Luddalore. — A scavenger on
Rs 3 and a watchman on Rs 6, respectively
per mensem. The watchman is reported
to be very necessary to look after the
reservoir

reserves here which are far away from
another, and he will not only see
to the Sanitation of the grounds, but
can also detect cases of nuisances
and report them to the Magistrate.

(b) Inticosim. - A Scavenger and a
watchman at a total expenditure of Rs 12
per mensem. Here also a watchman is
considered requisite, as the reserves which
are already somewhat extensive will
increase in area with the progress of
foreshore reclamation, and nuisances
will require watching.

(c) Cocanada. - 2 Sweepers at Rs 5
each, and hire of a bullock cart Rs 15,
per mensem. The reserves here are
situated on both sides of the river
and two Sweepers are absolutely ne-
cessary to properly look after the
Sanitation. The Municipality decline
to allow their carts to remove the Sweepings
So

So it is necessary to hire a bullock
cart to convey the Sweepings to the
Municipal Depot which is situated
some distance from the Town.

2. There is no specific provision
to meet this expenditure, nor is there
any saving in the Budget from which
I could suggest an appropriation
on this account. The charges, if
approved, will therefore have to be
covered by Special Sanction of the
Financial Department, to be met
from the Eastern Group Port Fund
and debited to the contingencies of
the respective ports.

3. The Port Officer, Inticosim
further reports that as all the
reserve foreshore is to be fence
in (Vide G. O., Marine, No. 665 dated

cessary also to construct a latrine
for the use of the men employed within
the enclosure, and if this proposal
is approved by Government, an
estimate will be called for.

I have the honour to be,
Sir,

Your Obedient Servant,
R. S. M.
