In G.O., No. 354, Marine, dated 9th October 1890, sanction was accorded to a proposal of the Presidency Port Officer that the crews of boats maintained for port and pilotage duties at ports of this Presidency should be supplied with clothing. The Presidency Port Officer accordingly supplied the crews of boats at Negapatam and Tellicherry with clothing on the authorised scale. In G.O. 354 Marine, dated 9th October 1890, sanction was accorded to a proposal of the Presidency Port Officer that the crews of boats maintained for port and pilotage duties at ports of this Presidency should be supplied with two suits of cotton clothes every year and one suit of woollen clothing once in two years. On the authority of this Order, the Presidency Port officer supplied the crews of boats at Negapatam and Tellicherry with clothing on the authorised scale. The Accountant General has, it is reported, objected to admit the charge on the ground that these Establishments are not included in the Consolidated Statement of Menial Servants entitled to clothing printed with G.O. 1036 Public, dated 4th August 1897.

The sanction of 1890 is, however, a general sanction, and it is submitted that the Accountant General should be instructed to regard it as such, and to admit the charge for clothing on the authorized scale for all duly sanctioned boats' crews employed on port and pilotage duties.

The Accountant General

Sir,

Sir,
With reference to your objection Memo
No $\frac{240}{873}$ dated 22 June 1899, I have the honor to
point out, that G.O. No 354, Marine, dated 9 October
1890, sanctions the proposals of the Presidency
Port Officer for the supply of clothing to the Crew

crews of boats maintained for port and pilotage duties," and this is held to be a general sanction for supply of clothing to boatmen at any port in this Presidency where a boat is maintained for port or pilotage duties - vide this office endorsement No 929-436 G. dated 8 September 1890, on letter from the Chairman, Harbour Trust Board, read in the above G.O.

2. This office statement in page 2 of the above G.O. simply specified the probable cost at that time of the supply of clothing in question when a crew was not maintained for the boats at Negapatam and Tellicherry, and it was not intended that sanction of Government asked for should be held to apply only to the ports therein specified. As the proposal for supply of clothing to boatmen generally is sanctioned by Government I do not think it necessary, that sanction should be obtained on each occasion a crew is subsequently entertained for a boat at a port.

3. Under these circumstances, I beg to enquire whether you still consider that the sanction of Government should be applied for, in the supply of clothing to Negapatam

and Tellicherry crew.

Sir, In reply to your letter No $\frac{935}{825}$ M dated the 28 of June 1899, I have the honor to state that the supply of liveries to inferior servants is regulated by the revised list issued as appendix to G.O. No 1036 Public, dated 4 August 1897 in which, only the Ports and servants mentioned in G.O. No 354 Marine dated 9 October 1890 are included.

The charges on account of clothing are checked in this office with reference to the above list, and though the interpretation

placed by you on G.O. No 354 Marine dated
9 October 1890 may be correct, the sanction of
Government should be obtained to the in-
-clusion in the list of the crews maintained
at Regapatam and Tellicherry to enable
this office to admit the charges on account
of their clothing.
