SIR,

Enclosure.
One.

I have the honor to request that you will be good enough to obtain the sanction of Government for supplying this office with a new bicycle of the Standard pattern (War office mark II) in the place of one which was supplied to this office in the year 1906, as per G.O. No 806 Financial, dated 28th November 1905.

The old machine has become unserviceable on account of ordinary wear and tear and the Public Works Department considers it not worth repairing, vide letter of the General Superintendent, Public Works Stores, herein enclosed.

The cost can be met from the Savings expected out of the budget provisions for landing and shipping, under contingencies for 1910-11.
