Letter—from H. S. BROWN, Esq., Officiating Presidency Port Officer.
To—the Chief Secretary to Government.
Dated—Madras, the 7th July 1910.
No.—956/190-G.

I have the honour to state that the Port officer, Pámban, reports that as no ground-rent is leviable on goods stored on lands within port limits at that port before shipment or after landing, the merchants are inclined to leave their goods on these lands for considerable periods to save godown hire, thus causing obstruction to the ordinary work of the port. As, from time to time, large shipments of paddy and other cargo are landed at this port, the Port officer proposes charging rent on lands within port limits used for the above purpose, at the rate of 4 annas per 100 square feet *per mensem* or portion thereof, with three days free of rent from the date the goods are stored on such lands. The Collector of Ramnad recommends that the rate proposed by the Port officer may be adopted for all goods stored within port limits (*vide* Port officer's letter No. 148/37, dated 10th February 1910, and endorsement of Collector of Ramnad, D. Dis. No. 321, Revenue, dated 30th June 1910, copies enclosed).

I request that Government will be pleased to sanction the levy of the above rate. A revised schedule of rent on lands within the port limits of Pámban is herewith submitted.

ENCLOSURE.

Letter—from the Port officer, Pámban.
To—the Presidency Port Officer, Madras (through the Collector of Madura).
Dated—the 10th February 1910.
No.—148/37.

I have the honour to report that from time to time considerable shipments of paddy and other cargo are landed at this port. As no ground-rent is leviable merchants are inclined to leave their goods on the beach for considerable periods, to save godown hire, thus causing

obstruction to the ordinary work of the port. I have the honour to request that sanction may be obtained for charging ground-rent at the rate of 4 annas per 100 square feet occupied *per mensem* or portion thereof, with three days from date of landing allowed free, as is now done at Tondi. This will allow of proper control being exercised over landings and prevent accumulations of cargo interfering with the work of the port. The Madura Company occasionally stock considerable quantities of coal on the beach, and I would ask for permission to charge ground-rent at the same rate on this also.
