To The Chief Secretary to the Government of Madras,

Sir,

I With reference to para 3 of G.O. No. 74, Marine, dated 12th March 1910, I have the honor to state, that I do not consider it advisable, to institute a special Provident Fund for the Port and Marine employees at Madras and at outports, as on receipt of information from the Port Officers and Port Conservators, I find, that out of the 217 employees in permanent superior pensionable service, including light-keepers in the Coast Lighthouses,

only

only 44 have expressed their willingness to subscribe, if
a special Provident Fund is instituted for this department,
and that their subscription is likely to amount to about
Rs.300/- per mensem.

I have the honour to be,

Sir,

Your most obedient servant,

J. S. Brainerd

For the U.S.

In November last, the P.D. enquired
whether the Port Officers and the members
of their establishment paid from Port
and Mamie funds were eligible to
subscribe to the General Provident Fund.

In reply he was informed that Port
Officers & the members of their establish-
ment whose services were pensionable
from Port funds and not from General
Revenues could not subscribe to the
General Provident Fund.

institute a special Provident Fund on

The lines of the General Provident Fund for the benefit of Port Officers and their establishments attached to the Port and allied funds and accordingly requested the P.O. to consider the proposal and to formulate a scheme for its institution if he thought it advisable. At the same time the P.O. were also requested to offer their remarks on the proposal as regards the officers paid from the Madras Port Fund as distinct from its ordinary staff for which there was already a separate Provident Fund -

3. In the first of the letters read above, the P.O. state that they have no objection to the Port and Pilotage Fund employees contributing to the proposed special Provident Fund. The P.O. however states that he does not consider it advisable to institute a special Provident Fund for the Port & Marine Fund employees at Madras and at outports owing to the small number of persons who have expressed their willingness to subscribe to the fund.

4. Under the circumstances no further action seems required. The papers may be recorded. A draft to subd.

1. The P.P.O reports that only 44 members of his department have expressed their willingness to subscribe & considers this number too few to warrant the institution of a special Provident Fund. To this number would ^{have to} be added such of the Port Trust Board employees as could & would join.

Note page 3 of notes.

p. 5 p. 11

2. So far as the officers already in service are concerned payment to the fund would of course be optional but if (as in the case of the General Provident Fund) ^{in the case of} officers entering service after its institution membership were made compulsory subject to certain conditions in certain cases, the number of subscribers to the fund would not fall below a certain limit.

3. I submit that even if there were 50 subscribers to start with the question of a fund is worth further investigation

The office note of 29th July states the case. Since only about one-fifth (44 in all) of the Port Fund employes who would be eligible for the new fund suggested in G.O. no. 74 of 12th March 1910 desire to join it, and the institution and management of such a fund is necessarily a troublesome matter, I would drop the proposal for the present. If hereafter we find that a larger proportion of eligible subscribers desire to join ~~in~~ such a fund, the matter can be re-considered. I would suggest the following order:—

In view of the circumstances stated in the Presidency Port Officer's letter read above, the Govt. are not at present prepared to go on with the scheme for a special Provident Fund for the benefit of Port Office establishments suggested in G.O. no. 74 of 12th March 1910.
