Dated 13 6 1857

Not to be folded or roughly handled

No. 69. Read the following letter from J. D. SIM, Esq., Acting Secretary to the Board of Revenue; to H. FORBES, Esq., Acting Secretary to Government, dated 3rd June 1857, No. 1858.

SIR,

Adverting to the Extract Minutes Consultation dated 26th January 1857, No. 187, Public Works Department calling for the opinion of the Board as to the necessity of constructing a Dispensary in connection with the Collector's Cutcherry at Bellary with information as to the existence of any similar building elsewhere, I am directed to forward the accompanying letter on the subject from the Collector of that District. The building used at present as a Dispensary by the Apothecary attached to the Collector was formerly a guard house consisting of only a single room and is stated to be in a dilapidated condition while from want of accommodation, the patients treated by the Apothecary are put to much inconvenience. To make the present building answer the purpose of a Dispensary, the Collector proposes to have the roof terraced and an additional room built.

Dated 6th March in Consultation 3rd June 1857.

2. The Board have ascertained that there is no Dispensary of the nature referred to in any other District, the public servants being treated when necessary, at the Civil Dispensary and as there is an Institution of this kind at Bellary available to all classes of people, they are of opinion that a separate Dispensary exclusively for the Collector's establishment is unnecessary. If a suitable room for the safe custody of the Apothecary's stores cannot be provided in the Cutcherry, the building now in use might be repaired, but the Board do not suppose that any large amount of stores are required to be kept by the Apothecary as they might be procured from time to time from the Civil Dispensary.

No. 70. ORDER THEREON, No. 1142; dated 13th June 1857.

Under the views expressed by the Board of Revenue in the letter above recorded, the Government do not think that a separate Dispensary, exclusively for the Collector's Establishment, is necessary at Bellary, as there is a Civil Dispensary available at that place as in other Districts. The estimate submitted with the Chief Engineer's report dated 8th January 1857, No. 9358, for the construction of a Dispensary near the Hoozoor Cutcherry at Bellary cannot therefore be sanctioned. If the Collector of Bellary thinks that the old building now in use as a Dispensary should be put in repair to make it available for the Apothecary's stores, that may be done, and the Chief Engineer will be at liberty to sanction such repairs as may be absolutely necessary for the purpose.

(Signed) H. FORBES,
Acting Secretary to Government.

Public Works 1857 Dept.
Dy. to Cons: 16th June.

No. 1142.

Extract Mins: of Cons:
Dated 13th June /57.

Observing that as there is a Civil Dispensary at Bellary, as in other Districts a separate Dispensary exclusively for the Police & Jail at that Station does not seem necessary & that the old building now in use as a Dispensary may be sent in repair & under stamp for the Apothecary's Stores.

No 69 & 70.
