Fort Saint George, Public Works Consultation of 16th June 1857.

No. 90. Read the following Extract from the Minutes of Consultation in the Ecclesiastical Department, dated 3rd June 1857, No. 243.

Read the following Extract Minutes Consultation in the Public Works Department.

Communicating a letter from the Chief Engineer, forwarding one from the Acting Collector of Malabar reporting on the condition of the Burial Grounds in Malabar and Cannanore, and offering certain suggestions for their repair; and another from the Venerable the Archdeacon proposing that the boundary Wall at the latter place be either raised or capped with broken bottles, and observing that the District Engineer of Malabar will be directed to submit an Estimate for raising the wall of the same. } (Here enter 22nd May 1857, No. 980.)

The seven Tombs in the old Burial Ground at Cannanore, which are represented to be in a dilapidated state will, as suggested by the Acting Collector of Malabar, be at once removed.

2. The Government regret to learn that ground so unsuited for the purpose has been enclosed for the new Cemetery at Cannanore, but fear that the error cannot now be remedied. They approve the proposal to raise the boundary wall and concur in the suggestion of the Venerable the Archdeacon that the height of the wall of future Cemeteries should be fixed. Six feet would, it is considered, be sufficient in all ordinary cases.

3. The Government are glad to observe that steps will be taken by the Acting Collector to prevent further depredations of the nature now brought to notice being committed in the two Burial Grounds referred to at Tangacherry. They approve the measures adopted by Mr. Robinson for the preservation of the English Burial Ground at that place, and at Malliapooram.

(True Extract.)

(Signed) E. MALTBY,
Acting Chief Secretary.

No. 91. ORDER THEREON, No. 1149; dated 15th June 1857.

Ordered to be communicated to the Chief Engineer for information.

(Signed) H. FORBES,
Acting Secretary to Government.
