Fort Saint George, Public Works Consultation of 16th June 1857.

No. 114. Read the following Extract from the Proceedings of the Chief Engineer, dated 1st June 1857, No. 828.

Read the following letter from Lieutenant J. F. FISHER, District Engineer of Bellary ; to Colonel C. E. FABER, Chief Engineer, dated 19th May 1857, No. 34.

SIR,

I have the honor herewith to forward a Medical Certificate, granted by the Garrison Surgeon of Bellary to Assistant Overseer Streenevassa Moodeliar, and to inform you, that I have allowed the Assistant Overseer to proceed on leave in anticipation of permission to that effect from the Central office.

I do hereby certify that Streenevassa Moodeliar Assistant Overseer Department Public Works, is in a bad state of health; (having suffered from frequent attacks of intermittent fever, which has assumed latterly a very obstinate character) and that in my opinion a change of air is indispensable to his recovery and therefore recommend that he be permitted to proceed to the Sea Coast Madras, for the benifit of the same, and be absent from his duty until the 31st August 1857.

Bellary
18th May 1857.

JOHN LOVELL,
Garrison Surgeon.

Resolved, to forward for the favorable consideration, and orders of Government, a copy of the foregoing letter, No. 34 dated 19th Ultimo, from the District Engineer of Bellary, together with the Medical certificate granted to Assistant Overseer Streenevassa Moodeliar; the Chief Engineer having no authority to give leave for the period specified. It is not known what rules will apply in regard to the Unconvenanted Assistant Overseer's salary, whilst absent on sick certificate.

Resolved also, to inform the District Engineer that he has exceeded his power in permitting Streenevassa Moodelly to leave the District before leave was granted, as there is nothing to shew the existence of any necessity for immediate removal, and apparently a much more desirable change could have been obtained by sending the Assistant Overseer to Ramandroog whilst if a coast climate were deemed indispensable, the Western coast is much nearer Bellary, than Madras. The District Engineer being cognizant of Streenevassa's continued applications for removal to Madras, would also have exercised a sounder judgment, had he awaited the decision of Government on the application.

(Signed) C. E. FABER, Colonel,
Chief Engineer.

No. 115. ORDER THEREON, No. 1161; dated 16th June 1857.

The Government observe that Streenevassa Moodeliar is an Assistant Overseer paid at 80 Rupees a month. The rules of February 1856, regarding the grant of leave to Uncovenanted Servants receiving 100 Rupees and upwards, are not applicable to his case and it is not therefore necessary that the leave applied for by him should be granted by Government. Colonel Faber will himself dispose of the application. His attention is however directed to the Notification of the Government of India, dated 6th February 1857, No. 11 by which the spirit of the rules above alluded to is extended to all Uncovenanted Servants receiving less than 100 a month.
