No. 65. Read the following letter from Colonel C. E. FABER, Chief Engineer; to H. FORBES, Esq., Acting Secretary to Government, dated 20th July 1857, No. 2199.

SIR,

I have the honor to forward a Tabular Statement, in the proper form, of an establishment required for working the two Locks lately built on the river Munneyaur amounting to a monthly cost of Rupees 36, or 432 per annum.

2. This establishment is absolutely necessary for rendering the works efficient, and I trust that the sanction of the Government of India may be shortly granted for their entertainment.

3. On the proved efficiency and usefulness of this line of navigation must greatly depend the question of executing similar works in other rivers in Tanjore, and the District Engineer will be authorized to make temporary arrangements for working the Locks this season, and to report the result at its close.

No. 66. Ordered in consequence that the following Statement be despatched.

Fort Saint George, Public Works Consultation of 11th August 1857.

No. 2149  
Now

The Chief Engineer:

The Secretary to Govt. P.W.D.  
Sir,

I have the honor to forward a Tabular Statement, in the proper form, of an Establishment required for working the two Locks lately built on the River Munneggar amounting to a monthly cost of Rupees 36, or 432 per annum.

2. This establishment is absolutely necessary for rendering the works efficient, and I trust that the sanction of the Government of India may be shortly granted for their entertainment.

3. On the proved efficiency and usefulness of this line of navigation, much greatly depends the question of executing similar works in other rivers in Tanjore, and the District Engineer will be authorized to make temporary arrangements for working the Locks this season.

Grounds of Proposition

These two locks on the Muziris river in Muziris have been nearly completed under an estimate of 35,000 Rupees, the project having formed the subject of a correspondence with the Government of India. An establishment of the scale proposed is absolutely necessary, as at other locks in the same District, in order to render the works efficient, and thus to secure the completion of service.
