G.O. No. <i>1576</i>	Press ~~Mis.~~
<i>10-11</i> Dated <i>13</i> — <i>8</i> — <i>1857</i>	

Not to be folded or roughly handled

Fort Saint George, Public Works Consultation of 18th August 1857.

No. 10. Read the following letter from G. TAYLOR, Esq., Civil Engineer ; to the Right Honorable Lord HARRIS, Governor in Council, dated Coringa, 26th July 1857.

My Lord,

I have the honor most respectfully to submit the enclosed plain statement of facts to the consideration of your Lordship in Council.

2. I humbly trust also that those facts will be deemed of themselves a valid plea for my addressing them directly to your Lordship in Council ; and as a further plea for my presuming to do so. I respectfully beg leave to urge that experience has taught me that communications addressed through the usual channel to the Chief Engineer are not necessarily submitted to the consideration of the Government.

3. To obviate however any possible inconvenience to the public service. I purpose enclosing a copy of the statement to the District Engineer with my usual accounts on the last day of this month.

No. 11. ORDER THEREON, No. 1576 ; dated 13th August 1857.

The letter recorded above will, with its enclosures, be returned to Mr. G. Taylor, who will be informed that he can address the Government only through his Official Superiors the District and Chief Engineers.

(Signed) H. FORBES,
Acting Secretary to Government.

Goringa Harbour Survey 2^d

Statement of George Taylor Civil Engineer
Godavery Division.

Dated 25th July 1857.

On the 16th of May last I despatched an Indent to Captain Randall for 500 Rupees required on the above work for the Month of June-

On the 2nd of June I received an official Memorandum from Captain Randall dated the 27th of May informing me that the Collector had been requested to place the amount of my Indent with the Tashildar of Goringa.

Up to the date first mentioned Captain Randall has from time to time forwarded me his Drafts upon the Tashildar without any application from me for such Drafts or ever informing me that such application was necessary. This

meas

2
Memo of the 27th of May, being unaccom-
panied with his usual Draft I concluded
that it was not required.

On the 3rd of June therefore I
applied to the Tashildar for the money
and received his verbal answer that he
could not pay it without receipt.

On the following day (the 4th of
June) I wrote to the Collector complain-
ing of the Tashildar.

Early on the morning of the 5th
of June I sent Captain Randall's Memo
of the 27th of May to the Tashildar with
my receipt written across it. But the Ta-
shildar replied in writing that not
having received a Draft with it he had
enclosed the Memo to the Collector for
his instructions - before he could pay the
money.

In the afternoon of the same day
(5th of June) I received the Collector's reply
to

7x
to my letter of the 4th which informed me
that by the rules laid down in a Manual
the Tashildars are forbidden to pay money
without a Draft from the District
Engineer. (It will be seen hereafter that
I knew nothing and could know nothing
of either the "rules" or the "Manual".)

On the 13th of June I enclosed to
Captain Randall for transmission an
open communication addressed to the
Right Honorable the Governor in Council
showing among other topics - the continual
difficulty I have had in obtaining money
for the work I am engaged upon - and that
I had on that day been again obliged to
borrow more money.

On the 18th of June I enclosed another
Indent to Captain Randall for 500 Rs.
for the month of July adding that my
Indent of the 16th of May was still unpaid.

On the 19th of June I wrote again to
the Collector shewing how much I
was

4
was inconvenienced by the want of money
for my men and on the following day was
again obliged to borrow it for them.

On the 21st of June I received a
letter from Captain Randall dated the
27th which did not contain even an allusion
to my urgent applications for money -
but was simply a request for another
account for the past official year - in
conformity with rules and appendices which
I had not then - and have not yet seen!

On the 22nd of June I enclosed to
Captain Randall a second account for
the past official year - accompanied with
a memorandum of which the following is
a copy - viz.

To Captain S. M. Randall
District Engineer Godavery
Division.

The undersigned begs to acknow-
ledge the receipt of Captain Randall's
letter

9
letter of the 17th instant which did not reach
Soanara until last evening (Sunday)

Captain Randall in his request
refers to rules which as usual have not been
forwarded to the undersigned - and he there-
fore repeat his conviction that these con-
stant ommissions are wilful and systematic.

On the 30th of April last the under-
signed enclosed to Captain Randall with
other documents a summary account for the
official year ending on that day - which it
is presumed was sufficiently succinct to
enable Captain Randall to close his
accounts for the year so far as the survey
of Coringa Harbour is concerned.

On the 1st of May last the under-
signed received a circular from Captain
Randall dated the 27th April 1857 - requesting
to be furnished with particulars according
to a form which accompanied it. That
form however applied to works of construc-
tion and the undersigned did not consider
that

that it was applicable to the work upon
which he is engaged. nor does he think so
now. but he prefers spending his time upon
a return which it appears to him can only
serve the further purpose of wasting the
time and confusing the minds of those
upon whom it may be inflicted - to giving
Captain Randall any opportunity of
representing that the undersigned is less
prompt in his compliance with rules
that are made known to him than any
person whatever in the Honorable
Company's service.

If after all - this return is not
what is required - the undersigned can only
await for the receipt of rules and a few
days to enable him to mend it.

Saoncaravoo and long
renga 22nd June 1857 } (Signed) George Taylor C.E.
despatched Sunday } Gadavery Division

On the 27th of June I sent a Draft to
the

the Tashildar for the 500 Rupees for which
I had given him my receipt on the 8th of June.
On the same day I received his reply saying
that he could not honor my Draft without
the usual Draft - but that he had again
forwarded my Draft to the Collector for
instructions.

On the 30th of June I enclosed
my usual accounts for that month to
Captain Randall - and a memo of which
the following is a copy.

To Captain J. W. Randall.

Gadavery Division.

The undersigned has applied three
in writing to the Tashildar of Learinga
for the 500 Rs. Indented for on the 16th of
May last and that person has written
twice to the Collector on the subject.

In the mean time the undersigned
has not received the money because so far
as he can learn the usual Draft has not been
sent

sent to him.

Whatever may be the cause it is
alike detrimental to the public service
and injurious to the undersigned.

Another mistake has been
made by the Civil Auditor in the amount
due to the undersigned for his salary and
Establishment for May 1857 - the sum
received being 536 Rupees instead of 535 Rs.

A similar mistake was made
in the amount due to him for the month of
December last. a mistake which was
pointed out at the time both to the Collector
and the District Engineer but which has
not yet been rectified.

Sourcaravoo nas lo-7 (Signed) George Taylor C.E.
-unga 30 June 1857. S. Godavery D.

On the 2nd instant I received
another official Memo. from Captain
Randall dated the 29th of June informing
me that the Collector has been requested
to

to place with the Sahildar the amount of
my Indent of the 13th of June but still not
saying one word about my unpaid Indent
of the 16th of May.

On the same day (the 2nd instant)
I acknowledged Captain Randall's Memo.
in a Memo. of which the following is a copy.
viz:

To Captain J. H. Randall

District Engineer Godavery
Division.

Memorandum.

The undersigned has just received
another official Memorandum from the
District Engineer dated the 29th Ultimo
stating that the Collector has been requested
to place 500 Rupees with the Sahildar of
Goringa.

The District Engineer has
already been informed several times that the
undersigned cannot obtain the 500 Rupees
of which he was advised by a similar Memo.
dated

dated the 27 of May last.

The undersigned is still unable to leave home on his duty for want of money for his men - and whoever may be the cause of the ^{is} most disgraceful state of things - he fully hopes that either he or they will meet with their deserts.

Loan-caravoon-Boringa }
2nd July 1857 }

(Signed) George Taylor C. E.
Godavery Dist.

On the 2nd instant also I wrote to the Collector of Rajahmundry as follows. viz.

To A. Purvis Esq. Loan-caravoon
Collector of Boringa 2nd July 1857.
Rajahmundry.

Sir,
I have the honor to inform you that I have received another Official Memorandum from the District Engineer advising me of your having been requested to authorize the Tahsildar of Boringa to
pay

pay me another sum of 500 Rupees.

I beg leave to append a copy of a Memo. which I have this day addressed to the District Engineer in acknowledgement. From which you will learn as well as from my former letters to you on the same subject that I am suffering great inconvenience for want of money for the public service.

I have therefore the honor to request that you will either return by the bearer a peremptory order to the Tahsildar for the payment of the money or (if some Government orders with which I am not acquainted deprive you of such power) oblige me on Saturday the 4th instant with 300 Rupees in part payment of my salary for the past month to cover the advances I have already made for Government and for the payment of my men's wages for the week.

(Signed) George Taylor C. E.
Godavery Division.

On

On the 2nd instant also I wrote
again to the Tahsildar requesting him
either to send me the money - or to return
my receipt of the 8th Ultimo and my Draft
of the 24th Ultimo. The Tahsildar wrote in
reply as follows. viz:

To George Taylor Esquire
Civil Engineer
Soocaravoo.

Honored Sir,

I beg to return herewith the

Memo. for Rupees 500^{*} sent to me on the
8th Ultimo - and to say that I cannot pay

<sup>* for the
month of
June.</sup>

[it] without receiving the requisite Draft
from the District Engineer or an order
from the Collector of the District.

Coringa (Signed, S. Ramalingaswamy
2nd July.
1854)

I am also favoured with another
letter from your honor just now I am always
ready to pay the same of your honor will
furnish

17.
furnish me with the above mentioned Draft
(Signed, S. Ramalingaswamy
H. Revenue Officer

On the 3rd instant I enclosed
a copy of the Preceding letter from the
Tahsildar in a Memo. to Captain
Randall of which the following is a copy.

To Captain S. H. Randall.

District Engineer
Godavery Division.

Memo.

The original of the above was
delivered to me late last evening - from
which it appears that the Official Memos.
of the District Engineer dated respecting
the 24th of May and the 29th of June should
have been accompanied with his Draft
for each sum.

Soocaravoo (Signed, George Taylor C. E.
= recd 3rd July
1854) Godavery Division

On the evening of the 4th instant
D

I received the following reply from the
Collector. viz:

Rajahmundry District
Moy. Collector's Office

Godavari 3^d July 1887.
To G. Taylor Esquire
Civil Engineer G. D.

Sir, Doonacavoo.

I have the honor to acknow-
ledge the receipt of your letter of yester-
day's date and to inform you that I am
unable to authorize the Head Revenue
Officer at Caringa to disburse any part
of the sum mentioned by you unless you
send to him a draft from the District
Engineer for the amount required - which
I imagine you will have no difficulty
in obtaining from that Officer on
application.

2. I regret to add that it is out
of my power to make you any payment
in part of your salary for the past month
till

127
till the passed bill is received from the
Civil Auditor.

(Signed) A. Purvis
Collector.

On Sunday afternoon the instant
I enclosed a copy of the above letter from
the Collector in a memo. addressed to
Captain Randall of which the following
is a copy - viz:

To Captain J. H. Randall
District Engineer.
Godavery Division.

Memorandum.

The original of the above [the
Collector's letter] was delivered to the
undersigned last evening.

It is a reply to an application
made by the undersigned to the Collector
for either a peremptory order upon the
Dahsildar for the payment of the money -
or for 300 Rupees in part payment of the
salary

salary of the undersigned ^{for} June. for the
purposes of covering the advances he has
already made for the Government. and
for the payment of his men's wages for
the week.

The District Engineer has
been duly informed recently that the
undersigned has twice borrowed money
already wherewith to pay his men.
The undersigned has been endeavoring
all day to borrow money again for the
same purpose but has failed to do so -
while his men have been waiting since
6 o'clock A.M. for their weeks
wages and are now lying about Soonea-
ravoo in a (naturally) very discontented
mood.

Soonearavoo
Sunday 4:30 P.M. (Signed) George Taylor Esq.
5th July 1857 Godavery Dam

P.S. Just before closing this letter
I have obtained another loan for the men.
(Signed) G.T. On

21st
On the 7th instant I received a

his Memo. viz.

To George Taylor Esquire
Civil Engineer Godavery Dam

randum dated 30th Ultimo the District
Engineer begs to state that the accompa-

District on the 27th December 1856.

In the event of the same having
unscarried the District Engineer now
forwards another copy.

2nd In it Mr. Taylor will find the
form in which all executive orders [Officers]
are

18
are directed to prepare their bills and...
which is applicable to all works.

3^d As respects Mr. Taylor's com-
plaints regarding the non receipt of
money from the Sahildars he has already
been informed that the Memo circulated
by the District Engineer is simply by
way of information to Officers of the
amount of money that has been placed
by him at their disposal and is not the
authority by which they can actually
draw the money from the Sahildars
who are prohibited from disbursing
money except on receipt of a regular Draft
signed by the District Engineer. For
the Draft an application should be made
twice a month - on the 1st and 15th of the
month. If Mr. Taylor will only follow
these rules he will not experience the
inconvenience of which he now complains.
To

23
To obviate the inconvenience now urged
the District Engineer forwards without
waiting for Mr. Taylor's formal applica-
tion the necessary Draft.

Camp at Dow
Caswaraw - } Signed, J. M. Randall Captain
1st July 1857. } District Engineer G. D.
recd at Soanearaw
on Tuesday Evg.
7th July 1857. }

On the 8th instant I replied to the
above singularly evasive document in a
Memo: of which the following is a copy viz.
To Captain J. M. Randall
District Engineer G. D.
Official Memorandum.

Captain Randall's Memo: of the
8th instant was delivered to Mr. Taylor
last evening - accompanied by some rules
upon the supply of Funds and accounts
and a Draft upon the Sahildar for 500 Rs.
Mr. Taylor now proceeds to copy Captain
Randall's

Randall's Memo. and to make his reply
thereto opposite each paragraph.

Copy Captain
Randall's Memo.

Mr. Taylor's present
reply.

In reply to Mr. Taylor's
memo. dated 30th Ultimo.
The District Engineer begs
to state that copies of the
accompanying rules were
despatched to Mr. Taylor
in common with all the
other officers of the District
on the 27th December 1856.
In the event of the same
having miscarried the
District Engineer now
forwards another copy.

Captain Randall
has been repeatedly
informed lately that
no such Rules have ever
been received by Mr.
Taylor - nor does he now
believe that they were
despatched to him on
the date mentioned.

It was no doubt
one of those wilful and
systematic misstatements
of Captain Randall's
Subordinate of which
Mr. Taylor has given
him many instances
and can give him
still more. Even the
rules now received are
a very different set
to those supplied to
others

25x

others - and are evidently
not the rules and ap-
plices referred to Captain
Randall in his letter of
17th Ultimo.

A very simple arran-
gement would ensure both
the despatch and receipt
of every document by every
officer in the Division
but under the present
system which obtains at
Dowlaivaraw - the ablest
and most zealous officer
of the District may be con-
tinually incurring the
displeasure of the Govern-
ment from no other cause
than the wilful negligence
of native clerks followed
up by deliberate lies which
are beyond detection.

2nd In it Mr. Tay-
lar will find the Form
in which all the executive
orders [officers] are
directed to prepare their
bills and which is ap-
plicable to all works.

2nd A Form which Mr.
Taylor's communications
to Captain Randall for
some time past have plain-
ly shown that he has never
before seen.

3^d As respect to Mr. Taylor's complaints regarding the non receipt of money from the Tahsildars he has already been informed that the memo. circulated by the District Engineer is simply by way of information to Officers of the amount of money, that has been placed by him at their disposal - and is not the authority by which they can actually draw the money from the Tahsildars - who are prohibited from disbursing money - except on receipt of a regular Draft signed by the District Engineer. For this Draft an application should be made twice a month - on the 1st and 15th of the month. If Mr. Taylor will only follow the rules he will not experience the inconvenience of which he now complains.

To

3^d Mr. Taylor was so informed in Captain Randall's letter of the 23rd of March last - but he was not informed either at the same or at any other time that it was necessary to make a formal application for Capt. Randall's draft after receiving each memo. of information relative to the Tahsildar having the money.

In the absence of any such information he could only infer that the Draft ought to be forwarded to him either with the official Memo. or in a day or two afterwards - in the same manner as

Captain

To obviate the inconvenience now urged the District Engineer forwards without waiting for Mr. Taylor's application the necessary Draft.

Camp at Dowlaing
swara on 6 July 1857

(Signed) J. H. Randall
District Engineer
G. D.

27
Captain Randall has sent all his Drafts hitherto without consulting to Mr. Taylor that a formal application should have previously been made for each - The loss of time and the great inconvenience to which Mr. Taylor has recently been subjected is therefore entirely Captain Randall's fault - and any real desire to obviate that inconvenience would have been shown by his acknowledging the draft now acknowledged in a letter less than the sixth day after the date of Mr. Taylor's Memo. of the 30th Ultimo.

Soavearavoo
or (Voringa)
8th July 1857 -
despatched same day -

(Signed) George Taylor
C. C. G. D.

On the 10th instant I received a
Memo. from Captain Randall (returning
my memo. of the 2nd instant) which runs
thus - viz:

To George Saylor Esq.
Civil Engineer G. D.

Official Memo.

The District Engineer has already
informed Mr. Saylor that he will not receive
communications from him couched in the
style he has been pleased to adopt in spite
of the repeated orders of Government which
have been passed thereon. He therefore
returns Mr. Saylor's Memorandum of the
2nd instant to which no attention will be
paid until Mr. Saylor conforms to the
prescribed official style of correspondence.
Camp at Newbury

raney July 1857. (Signed) J. H. Randall Capt.
District Eng. G. D.

On the following day (the 11th instant),
I

I made the following reply, viz:

To Captain J. H. Randall.
District Engineer G. D.

Official Memorandum.

In reply to Captain Randall's
Memo. of the 7th instant received last evening
Mr. Saylor informs him that he has never
either couched letters in a style or done any
other act whatever in non-compliance with the
orders of Government and much less in (spite)
of them as Captain Randall has so un-
warrantably asserted.

So far as Mr. Saylor knows
himself he could not at any time stoop to
even the feeling and much less to an act of
spite - but he never had the misfortune to
meet with such a persistence of it as Captain
Randall has displayed for some time past
and for which Mr. Saylor will not doubt
that he will receive a proper reward.

Captain Randall's act of returning

Mr Taylor's Memo of the 2nd instant is one quite in character with his late conduct generally to Mr Taylor.

Captain Randall knows very well that no official style of correspondence has ever been prescribed to Mr Taylor - and he knows equally well that since his insulting letter to Mr Taylor of the 25th of March last the latter has made his necessary communications invariably in the form of a plain Memorandum - a form in which he will continue them unless he receives the orders of the Government to the contrary.

Loan caravans for going }
11th July 1857. }
despatched same day. (Signed, George Taylor C.E.
Godavery Dn.

On the 15th instant my Memo to Capt. Randall of the 8th instant was also returned to me with the following information - (which I have not noticed in any manner whatever). viz: Returned

Returned to G. Taylor Esquire
Civil Engineer G. D. for reasons specified
in the District Engineer's Memo. of the 7th
July 1857.

11th July 1857 (Signed, J. H. Randall Capt. Dn.)
District Eng. G. D.

On the same day (the 15th instant) I received (in a separate envelope) the following letter from Captain Randall viz:

N^o 37.
From Captain J. H. Randall
District Eng. Gody. Dn.
Sir, With reference to your Memo of cash required from 15th to 31st July dated 9th instant I have the honor to point out that your indent for the month amounted to only Rspees 500. That sum only was accordingly placed with the Sahildar.

It is necessary for me now to send in another requisition to the Collector and a supplemental indent to the Chief Engineer.
As

As you represent that you will be
again without money I enclose a Draft
for the amount but it will probably be some
days before the Sahildar receives the order
from the Collector for its payment. You
had better therefore request him to inform
you as soon as he is empowered to honor
this Draft.

Rajahmundry Distt }
Camp at Dowlaiswara } (Signed) J. W. Randall Capt
June 11th July 1857 } Distt Engr. G. D.

On the 15th instant therefore I recei-
ved the above Draft in payment of my
Indent of the 15th of June last and after all
the correspondence that has passed it is in-
conceivable how Captain Randall could
possibly fall into the blunder displayed
in the above letter. I immediately pointed
it out to him in a Memo: of which the
following is a copy viz:

To Captain J. W. Randall
District Engr. G. D.
Official

Official Memorandum.

Mr. Taylor begs to acknowledge
the receipt of Captain Randall's letter of the
11th instant enclosing his Draft of that date
No. 52 for 500 Rupees. Mr. Taylor has applied
to the Sahildar for the amount but the latter
is unable to honor the Draft not having received
the Collector's sanction.

Mr. Taylor must object to be made
responsible for another of Captain Randall's
errors.

It is quite true that Mr. Taylor's
Indent was for 500 Rupees but Captain
Randall's draft of the 11th instant was for the
500 Rupees Indented for on the 11th of May
last as the money required for June and the
draft now acknowledged is for the sum inden-
ted for on the 18th ultimo as required for the
present Month.

Captain Randall has been in-
formed repeatedly that Mr. Taylor was
unable to obtain any money in June, besides
which

which a moment's attention to Mr. Taylor's
summary account and account current for
June would have guarded him from the
error into which he has so strangely fallen.

Mr. Taylor is also unable to recan-
dle the Sahibdar's inability to honor the
Draft now acknowledged with Captain
Randall's Memoir of the 29th of May and the
29th of June - referring respectively to Mr.
Taylor's Indent for 300 Rupees each of the
18th of May and the 15th of June - both Memos.
stating that the Collector had been requested
to place the amount with the Sahibdar.
Sooneeracoonlooringaz (Signed) George Taylor C.E.
15th July 1857. J. D.

Is another instance of the wilful
and systematic manner in which important
documents are withheld from me, and of
which I have several times complained to
Captain Randall. I may here mention
that on the 17th instant I had occasion to
write to the Chief Engineer on the subject
of

of my Travelling allowance - but took
the opportunity of closing my letter with the
following paragraph upon another topic, viz.

"I had yesterday the honor also to
receive your circular No. 53 of 1857-8 dated
the 30th Ultimo upon examinations in the
vernacular languages. This circular is
based upon 3 Gazette Notifications and 1
Government order - only one of which has
been forwarded to me - viz. the Gazette Noti-
fications of the 27th of January last - and
that I did not receive until the 29th of March."

I now conclude with a few other brief
facts as a fitting sequel to the entire statement.

On receiving Captain Randall's
Draft on the 15th instant I wrote to the Sah-
ibdar asking if he were prepared to pay it.
He wrote in reply saying that he had not
received the money or the Collector's sanction.

On the 17th instant I again wrote to
the Sahibdar asking the same question -
He replied that he had just received the

Collector's

Collector's orders to send peons to Cocanada for the amount of the Draft that he should receive it on the following day, and that he would send it ^{soon} ~~caravacine~~ immediately afterwards - provided I sent the Draft to him in the mean time.

On Saturday morning the 18th instant I accordingly enclosed the Draft to the Tahsildar endorsed "cash to" - received - and requested him to send the money, by 4 o'clock P. M. to enable me to pay my men's wages for the week. As my return home in the evening no money had arrived, nor was any reason why given to me.

On Sunday morning the 19th instant my men came for their wages at 7 o'clock but I had not money sufficient for them. I accordingly wrote to the Tahsildar either to send me the money or return the Draft immediately - and at 10¹/₂ o'clock

37
37
I received his answer stating that the peons had not yet returned from Cocanada - having been absent more than two days - that he expected them hourly - but that he retained my Draft to save trouble. I wrote a second time to him insisting upon his returning the Draft immediately - but he neither did so - nor answered my note. I therefore wrote to a native in Georgepottah, to whom I have resorted on the previous similar occasions - and asked him to lend me the money I required - but unfortunately he was from home and at Rajahmundry - at 4 o'clock P. M. a peon from the Tahsildar arrived with the money - and gave me as an excuse for the delay that the peons sent to Cocanada had been sick on the road.

I immediately paid off my men who had been waiting all day - being the second Sunday in this month that

my

my time and theirs has been occupied
in such a thankless manner.
