No. 36. Read the following letter from Colonel C. E. FABER, Chief Engineer; to H. FORBES, Esq., Acting Secretary to Government, dated 6th August 1857, No. 2710.

SIR,

1. With reference to Extract Minutes of Consultation No. 1320, dated 9th July 1857. I have the honor to forward for the information of Government copy of a letter No. 908, of the 27th Idem from the Medical Board, and of a Memorandum of the cost of the medicines intended to be issued to the Officers of the Public Works Department.

2. I am of opinon with the Medical Board, that all supplies of medicines should be paid for by the Department receiving them, and would suggest, as the payments are never likely to be of large amount, that the District Engineer and other Officers should be authorized to adjust them on Contingent Bills.

No. 37. ORDER THEREON, No 1589; dated 17th August 1857.

On the 9th July last, the Government referred for the report of the Chief Engineer a letter from the Medical Board suggesting that all supplies of medicines to the Members of the Public Works Department should be paid for.

2. In his letter above recorded, Colonel Faber expresses his concurrence in the propriety of the measure suggested by the Medical Board, and requests that as the charges on this account are not likely to be of large amounts, the District Engineers and other Officers may be authorized to adjust them in Contingent Bills.

3. The Right Honorable the Governor in Council is accordingly pleased to direct that all issues of medicines to the Officers of the Department Public Works be in future duly paid for, the payment for the same being adjusted in Contingent Bills.
