The first five of them were undertaken under Government sanction granted on different occasions between the years 1843 and 1855, and were built, partly from Chuttrum, and partly from Government Funds; the next four were undertaken under authority granted by the Board of Revenue out of Devastanum funds, and the last three were built by private persons, and endowed by Government with land but not only were the endowments of all three of them resumed and carried to the account of Government, but two of them were repaired at the public cost. The Collector and the Board of Revenue recommend the entertainment of the establishments proposed for the care of these buildings, and the Government think it highly necessary to support that recommendation, not only for the due preservation and cleanliness of the buildings which will indirectly contribute to a saving in the expenditure for repairs, but also to afford travellers that assistance in procuring and prepairing food, without which the buildings themselves will be of comparatively little use. Superintendent..... Rs. 4 Sweeper ..... „ 2 Allowance for Oil „ 1 Total.. 7	Favorable.
