No. 32. Read the following Extract from the Proceedings of the Chief Engineer, dated 14th August 1857, No. 2941.

Read again Extract from the Minutes of Consultation No. 138, dated 25th and recorded in Diary of the 31st March 1857.

Read also the following letter from the Acting District Engineer of Ganjam.

Forwards plan and valuation estimate of the Chicacole Church, with an estimate for putting it in thorough repair, Rupees 280. } (Here enter 10th June 1857, No. 558.)

Resolved, with reference to the foregoing Extract Minutes of Consultation No. 138, dated 25th March 1857, to forward to Government the accompanying plan and valuation estimate of the Church at Chicacole.

2. The condition of the Church is described in the Acting District Engineer's letter No. 538, dated 10th June 1857. The building is valued at Rupees (2,450) two thousand, four hundred and fifty, and the cost of putting it into thorough repair, is estimated at Rupees (280,) two hundred and eighty.

3. The addition of 3 buttresses on either side of the building is considered necessary, 2 large cracks in the side walls having been caused by the great weight of the beams supporting the roof.

4. The buttresses are included in the repair estimate, in which provision is also made for a new gate way, for raising the Church yard wall on the south side to secure greater privacy, (as the Trunk road runs close to the wall,) and for 2 pairs of double wall shades.
