Sir,

Aden

I have the honor to request you will be good enough to forward this my application for an extension of leave in order to allow me time to return to Aden from Bombay as I left the Windsor Castle, which ship left England on the 21st of July, and which was expected more than a fortnight ago, not having yet arrived, may not reach in time for me to return by the last steamer in November but I have no doubt any extension of leave to the 12th of December or until the arrival at Bombay of the 1st

Steamer

in December would be quite sufficient. If however I can possibly arrange to return before the expiration of the leave already granted of course I shall do so.
