No. 26. Read the following Report from Colonel C. E. FABER, Chief Engineer; to H. FORBES, Esq., Acting Secretary to Government, dated 3rd August 1857, No. 2615.

Report D, on a Plan and an estimate amounting to Rupees (17,500) seventeen thousand and five hundred, for the construction of Court Houses in the vicinity of Salem.

1. The above Plan and estimate having been approved of by Government in Extract from the Minutes of Consultation, No. 552, dated 26th March 1857, it was directed that they should be submitted in the regular course through the District Engineer.

2. They have now been sent up* and are forwarded for the approval of Government.

3. The accompanying report marked A. describes the proposed building, and exhibits a few useful details from the estimate.

4. The estimate has been examined, and it has been found that the data upon which it is based are moderate and sufficient.

5. The original estimate which amounted to Rupees (15,000) fifteen thousand, allowed for timbers of so slight scantlings, that in a few years the roofs would have sunk in consequence of the beams bending: this mistake has been rectified in the Chief Engineer's Office. The amount of Rupees (17,500) seventeen thousand and five hundred is recommended for entry in the Budget for 1858-59.
