Fort Saint George, Public Works Consultation of 8th September 1857.

No. 84. Read the following Extract from the Proceedings of the Chief Engineer dated 18th August 1857, No. 3024.

Read the following letter from Major W. J. BIRDWOOD, District Engineer Tanjore; to Colonel C. E. FABER, Chief Engineer dated Camp Combaconum, 8th August 1857, No. 77.

Sir,

I have the honor to report for your information, the completion of the bridge, over the north branch of the Lower Coleroon annicut with temporary parapets of brick in mud pillars, and bamboo railings; the earthwork to roadway is completed, but the high freshes in the river have prevented the collection of gravel for the metalling the same. As the season is dry I have however ordered the opening of the bridge for carts from this date.

Resolved that a copy of the above letter from the District Engineer of Tanjore No. 77 dated 8th August 1857, reporting the completion of the bridge over the north branch of the Lower Coleroon annicut, be submitted for the information of Government.

(Signed) C. E. FABER, Colonel,
Chief Engineer.

No. 85. ORDER THERTON, No. 1709; dated 8th September 1857.

Ordered that the foregoing Extract be recorded.
