Fort Saint George, Public Works Consultation of 15th September 1857.

No. 3. Read the following Extract from the Proceedings of the Chief Engineer, dated 2nd September 1857, No. 3373.

Read the following letter from Lieutenant F. J. MOBERLY, Engineer, Superintendent of the E. C. Canal; to Colonel C. E. FABER, Chief Engineer, dated Alumpura, 29th August 1857, No. 155.

SIR,

I have the honor to request your sanction to a charge of 12 Rupees per month, for the rent of a bungalow, (for my office at Pulicat) which is for the present the most central point in my charge.

It is I think impossible to fix on any point for a permanent office for such a work as the E. C. Canal, and it is both expensive to Government, and inconvenient to the service, to carry about all the servants and records, the saving in batta alone is much greater than the monthly sum I have asked.

I have rented the bungalow in question since July 1st and find the arrangement generally very convenient for the discharge of my work.

Resolved to forward to Government, copy of the foregoing letter No. 155, dated 29th August, from the Superintendent E. C. Canal, with the Chief Engineer's recommendation, that the very moderate monthly rent of (12) twelve Rupees for an office, be allowed as requested by Lieutenant Moberly.

(Signed) C. E. FABER, Colonel,
Chief Engineer.

No. 4. ORDER THEREON, No. 1718; dated 9th September 1857.

Before sanctioning the rent recommended in the foregoing Proceedings for the office of the Superintendent East Coast Canal, the Government request that the Chief Engineer will be good enough to state what has been done hitherto for an office for the Superintendent's Establishment.

(Signed) H. FORBES,
Acting Secretary to Government.
