DEPARTMENT

File No.	21	Press.
		VIS.
Dated	15-11-41	

Not to be folded or roughly handled

Fort Saint George, Public Works Consultation of 15th September 1857.

No. 7. Read the following letter from Colonel C. E. FABER, Chief Engineer; to H. FORBES, Esq., Acting Secretary to Government, dated 2nd September 1857, No. 3374.

SIR,

Agreeably to the instructions contained in Extract Minutes Consultation No. 1405, dated the 22nd July last, I do myself the honor to forward the accompanying Plan and Estimate, for reconstructing a Well situated on the ground lately purchased by Government, on the east side of Marshall's road, for the supply of good water to the inhabitants of Poodoopettah, and adjacent villages.

2. The position that the Well in question occupies, is within 63½ feet of the eastern boundary of the Government ground.

3. The estimate submitted by the Civil Architect amounts to Rupees (324) three hundred and twenty-four, and the rates allowed in the same appear to me to be moderate but sufficient.

4. As the rebuilding of the Well above referred to, would to a very great extent, relieve the inhabitants at Poodoopettah and the neighbouring villages, from the difficulty that they experience at present, in procuring good water, I beg to recommend the proposition for sanction for immediate execution out of the one lac fund.

No. 8. ORDER THEREON, No. 1720; dated 9th September 1857.

Ordered to be communicated to the Public Department with reference to Extract from the Minutes of Consultation in that Department dated 3rd July 1857, No. 883.

(Signed) H. FORBES,
Acting Secretary to Government.
