Fort Saint George, Public Works Consultation of 15th September 1857.

No. 17. Read the following letter from Colonel C. E. FABER, Chief Engineer; to H. FORBES, Esq., Acting Secretary to Government, dated 2nd September 1857, No. 3386.

SIR,

Circumstances, having rendered expedient, the employment in the Provinces of Mr. O' Hara, Master of the Survey School, the choice of a successor has engaged my most careful attention, and on full consideration, I am induced to recommend for the approval of Government Mr. D. Horgan, Uncovenanted Assistant Engineer, now on sick leave at the Presidency.

2. Of Mr. Horgan's qualifications for the duty, I am able to speak most favorably from the reports of the officers under whom he has served, and I have ascertained that his health is now, so far restored, as to admit of his undertaking the charge, on which, with the approval of Government I propose that he should enter as soon as possible.

3. I beg therefore, to recommend that Mr. Horgan be appointed Master of the Survey School, vice O' Hara employed on other duty, with a salary of Rupees 70, to be deducted from his regular stipend, as Assistant Executive Engineer, which as the Government are aware amounts

* G. O. G. to Rupees 400 per mensem, under the orders of Government dated 24th April* 1855, so that Mr. Horgan's consolidated salary shall remain as at present.

No. 18. ORDER THEREON, No. 1725; dated 9th September 1857.

The Government are unable to accept the Chief Engineer's nomination of Mr. Horgan to fill Mr. O' Hara's place as Master of the Survey School.

2 Mr. Horgan's acquirements may, as the Chief Engineer represents, fully fit him for the post, but there are circumstances connected with his employment in South Arcot, and on the Aunacaren Chuttrum bridge, which oblige the Government to decline the present recommendation.

(Signed) H. FORBES,
Acting Secretary to Government.
