No. 8. Read the following letter from Colonel C. E. FABER, Chief Engineer; to H. FORBES, Esq., Acting Secretary to Government, dated 9th September 1857, No. 3565.

SIR,

I do myself the honor to submit for the orders of the Right Honorable the Governor in Council, the accompanying plan and estimate, prepared by the Garrison Engineer, agreeably to instructions conveyed in Extract Minutes Consultation No. 1299, dated 7th July 1857, for certain repairs and improvements to the Garrison School in Fort Saint George.

2. The work proposed to be executed, is thoroughly to repair, and to effect certain alterations, that have been found necessary to the School buildings, as also to erect therein, a Bath with Cistern complete.

3. The outlay on account of these works, was first roughly estimated by the Garrison Engineer, as observed in Extract Minutes Consultation already quoted, as follows:

	Rs.
Bath and Branch Pipe	700
Improvement of present Privy and Drain	200
Fives Court, Gymnasium and gravelling yard	340
General repairs	460
Total	1,700

4. The expenditure proposed in the estimate now forwarded, is divided by the Garrison Engineer, thus:

	Rs.
Repairing and altering the School buildings	710
Erecting a Bath with Cistern complete	900
Total...	1,610
Fives Court and Gymnasium already sanctioned	340
Total...	1,950

showing an excess over the rough estimate, of Rupees (250) two hundred and fifty, caused as that Officer states, by the extensive repairs found to be essentially necessary, for the preservation of the building in question.

5. The estimate prepared by the Garrison Engineer, was forwarded to the Town Major, for a report, as to the indispensability of the work in question, with reference to the late restrictive orders of the Government of India, conveyed in Extract Minutes Consultation No. 1372, dated 17th July 1857; and that Officer states, as you will observe from his letter herewith forwarded, that the repairs and improvements are urgently required.

6. The Garrison Engineer reports having reduced the estimate to the lowest practicable amount; the rates of which have been examined, and found to be moderate but sufficient.

7. Under these circumstances, I beg to recommend the foregoing estimate, amounting to Rupees (1,610) one thousand, six hundred and ten, for sanction for immediate execution, as the repairs and improvements, if carried out, would very much tend to the health and comfort of the lads, in connection with the Garrison School.

No. 9. ORDER THEREON, No. 1761; dated 16th September 1857.

Ordered to be referred to the Ecclesiastical Department, with reference to Minutes of Consultation in that Department dated 22nd June 1857, No. 260.
