Declining for reasons stated to accept the Chief Engineer's nomination of Mr. Horgan to fill Mr. O'Hara's place as Master of the Survey School. } (Here enter 9th September 1857, No. 1725.)

Resolved with reference to the orders of Government contained in Extract Minutes Consultation, No. 1725 of 9th September 1857, to report that as it continues to be desirable to nominate another Master to the Survey School, the Chief Engineer begs to be honored with the orders of Government as to the exchange of appointments between Assistant Commissary O'Hara and Conductor Kennedy now Instructor at the Head Quarters of Sappers and Miners at Dowlaishwarum.

The Chief Engineer is of opinion that the circumstances which render Mr. O'Hara's removal from the control of the young Survey Students in no wise militate against that Officers employment as Instructor to Sapper Head Quarters but on the contrary themselves tend to recommend the arrangement now submitted for the orders of His Lordship in Council. Mr. Conductor Kennedy would receive a stipend of Rupees 70 instead of 50 per mensem.

No. 1725.

Extract from the Minutes of Consultation under date the 9th September 1857.

Read the following letter from the Chief Engineer.

Informs that circumstances having rendered expedient the employment in the Provinces of Mr. O'Hara Master of the Survey School, it is recommended that Mr. D. Horgan Uncovenanted Assistant Engineer now on sick leave to Madras should be appointed to the charge of the school in his stead with a salary of Rupees 70 to be deducted from his regular stipend as an Assistant Engineer in order that his consolidated salary may remain as at present viz. Rupees 400.

(Here enter 2nd September 1857, No. 3386.)

The Government are unable to accept the Chief Engineer's nomination of Mr. Horgan to fill Mr. O'Hara's place as Master of the Survey School.

2 Mr. Horgan's acquirements may, as the Chief Engineer represents, fully fit him for the post, but there are circumstances connected with his employment in South Arcot, and on the Aunacaren Chuttrum bridge, which oblige the Government to decline the present recommendation.
