Not to be folded or roughly handled

No. 82. Read the following letter from Colonel C. E. FABER, Chief Engineer; to H. FORBES, Esq., Acting Secretary to Government, dated 9th September 1857, No. 3562.

SIR,

With reference to Extract Minutes Consultation No. 1230, dated 24th June last, communicating copy of a Despatch from Colonel Baker, with copy of a standard design for Cupboards in Barracks of European Soldiers, I have the honor to submit a letter No. 165, of the 10th Ultimo, from the District Engineer of Bellary, with an estimate of Rupees (3,030) three thousand and thirty, approved* by the Provincial Commander in Chief, for putting up Cupboards in the Barracks at Bellary, and Ramandroog.

* Order No. 2144, dated 29th August 1857.

2. In the estimate received from the District Engineer, a sum of Rupees 280 was included for Cupboards, for the old Artillery Barracks stated by the Quarter Master General not to be required, the amount has therefore been deducted.

3. An estimate for Cupboards for the new Barracks proposed to be constructed on the Ramandroog, as referred to in para. 3 of the District Engineer's letter, can be provided hereafter.

4. I beg to observe that, in forwarding the estimate to the Quarter Master General for the opinion of the Provincial Commander in Chief, I expressed my approval of the arrangement of placing cut stone slabs under the Cupboards to protect them from white-ants.

5. I consider that Rupees (70) seventy, is a fair charge for teak wood Almirahs of the size required with brass hinges, bolts, padlocks, &c., complete, and would recommend the estimate now submitted for early sanction.

No. 83. ORDER THEREON, No. 1797; dated 22nd September 1857.

Ordered to be referred to the Military Department.

(Signed) H. FORBES,
Acting Secretary to Government.
