No. 3. Read the following Extract from the Proceedings of the Chief Engineer, dated 16th September 1857, No. 3757.

Read the following letter from Lieutenant A. S. Moberly, District Engineer of Chingleput; to Colonel C. E. FABER, Chief Engineer dated Camp at Guindy, 8th September 1857, No. 937.

SIR,

I have the honor to inform you, that the leave of absence for 30 days, granted to Assistant Supervisor Joliffe, terminated on the 3rd Instant; but up to this date he has not rejoined. I hear that he has run away with another man's wife, and I have also from good authority, that he was seen at Pondicherry trying to obtain a passage to England. Under these circumstances I suppose it is not his intention to return. He has left his wife with four children at Pallaveram and as he is entitled to pay for the month during which he was on leave of absence, I have drawn his pay as usual and would now request the permission of Government, to my disbursing the amount to his wife, who has been left by him in reduced circumstances. I at the same time request your instructions regarding his office Establishment, whom I have informed that they must consider themselves out of employ until your instructions are received.

Resolved to forward to Government, copy of the foregoing letter from the District Engineer of Chingleput No. 987, dated 8th September, reporting the absence without leave of Assistant Supervisor Joliffe, and the supposed intention of that individual to quit the country; and to solicit orders on the subject of removing Mr. Joliffe's name, from the Establishment of the D. P. W., and impounding the balance of pay due to him.

(Signed) C. E. FABER, Colonel,
Chief Engineer.

No. 4. ORDER THEREON, No. 1809; dated 23rd September 1857.

The Government remark that the District Engineer's application for the removal of Assistant Supervisor Joliffe's name from the list of the Department was made prematurely.

2. The leave of absence granted to the Assistant Supervisor expired on the 3rd Instant, and on the 8th Lieutenant Moberly, on hearsay report that he intends to proceed to England, recommends his removal from the service.

3. The Government resolve to request the Chief Engineer to obtain from the Collector of South Arcot, correct information as to Mr. Joliffe's embarkation from Pondicherry, or his intention of rejoining his appointment in the event of his being still there.

4. Until further orders, the District Engineer will retain the Assistant Supervisor's pay for August.

(Signed) H. FORBES,
Acting Secretary to Government.
