Sir,

You are aware that Beypoor is so long, it becomes an important Port. Several articles are expected from England during the approaching fair Season consigned to the Railway Company. A small Custom House becomes therefore absolutely necessary. I have accordingly the honor to enclose the Plan and Estimate for constructing one at the above Port, at a Cost of 700/ Seven hundred Rs, and shall be obliged by your obtaining the necessary Sanction for executing the work at an early date.

A small Establishment has already been sanctioned for Beypoor.
