G.O. No. 1868 Press Mis.

Dated 23.24 2—10—1957

Not to be folded or roughly handled

Fort Saint George, Public Works Consultation of 6th October 1857.

No. 23. Read the following Extract from the Proceedings of the Chief Engineer, dated 16th September 1857, No. 3759.

Read the following letter from Lieutenant JOHN MULLINS, District Engineer of Nellore; to Colonel C. E. FABER, Chief Engineer, dated Camp Pulkoor, 2nd September 1857, No. 1725.

SIR,

As directed in Extract from your Proceedings No. 1352, dated 19th June 1857, I have the honor to forward an estimate, duly countersigned by the Collector, of the value of the works performed by the convicts in the station of Nellore, under the Superintendence of the Jail Jemadar.

2. A copy of the Session Judge's List of works is also enclosed this was taken as a guide by the Executive Engineer of the Nellore Range, and the works when examined by him, were found very closely to correspond in dimensions &c. with the List.

3. The cause of the apparently low value of some of the small bridges, is due to the fact that, many of them are built on rock, without abutments or side walls.

Resolved to forward to Government the copy of the foregoing letter No. 1725, dated 2nd September, with its enclosures, and to recommend that a gratuity of one per Cent on the valution of the 12,000 works, or (120 Rupees) one hundred and twenty Rupees, be paid to the Jemadar of the Nellore Jail, by whom they were superintended.

(Signed) C. E. FABER, Colonel,
Chief Engineer.

No. 24. ORDER THEREON, No. 1868; dated 2nd October 1857.

Before passing final orders on the above letter, the Government would wish to be informed of the usual rate of allowance paid in the Public Works Department for superintendence of works executed under the care of persons unconnected with that Department. It will be pointed out to the Chief Engineer that he has omitted to quote the order of Government to which the above Proceedings are a reply.

(Signed) H. FORBES,
Aing Secretary to Government.

For Orders. 3

Public Works' Department 1850.

Extract from the Pro: of the Chief Eng.r 16th Sep.r 57

I think one per cent
is any table - I think this
should be 2½ - as this
is a special case -

But I find with fruit to
know - what is usually
paid for such superintendence
in the Dep.t P.W. or in the
Country. H. Ly

No 3759
